Council Okays Funds For Nicholas Drive Improvement Engineering

Circleville council concerned itself primarily with financial legislation during its regular meeting Tuesday. Seven of the eight ordinances were introduced by the finance committee.

Receiving the most attention of council was the transfer of \$110,000 to the Nicholas Drive Improvement Fund. When first read, Councilman Bob Kenworthy moved the ordinance to be held for a second reading.

Just before council adjourned, David Crawford, chairman of the service committee, and Mayor Frank Barnhill asked Kenworthy to reconsider his motion.

Crawford explained the money will be used to pay engineers to draw detailed plans for the improvement of Nicholas Drive.

HE said that Service Director Atwood Jones is ready to enter into a contract with an engineering firm for the detailed plans but cannot do so until the necessary funds are appropriated by council.

Mayor Barnhill noted the city has already spent \$25,000 to \$30,000 on feasibility studies and other preliminary preparations for the project. Kenworthy reluctantly withdrew his motion and the ordinance was approved. The money is transferred from: state highway improvement fund, \$4,000; city permissive tax, \$3,000; city

street construction and repair fund \$3,000.

Actual construction costs of the Nicholas Drive project will be supplied by the state under Issue 1 funds. However, the city must pay all engineering costs and right of way acquisition costs.

Crawford and Barnhill both

stated the city is too far committed now to the project to drop it.

The other major appropriation of the night was \$13,000 from the general fund to the police department salary account.

Finance Chairman David Goldschmidt explained this was needed to make up an an-

anticipated deficit in the account. When the budget for this year was approved the police salary account was intentionally shorted to keep appropriations in line with anticipated income.

An ordinance authorizing salary increases in the public utilities department was ap-

Railroad Buff Pays \$2,100 For 1914 N&W Caboose

By JAMES STEVENSON
Associated Press Writer

OLMSTED FALLS, Ohio (AP)—Even for a man who's made a hobby out of buying used street cars, \$2,100 for a 1914 railroad caboose was "a lot of money."

But the 45 minutes of bidding didn't really faze Gerald E. Brookins. When it was over, he had one more railroad vehicle to add to his private museum here, Trolleyville USA.

The caboose had been donated to the Ashtabula County United Way Campaign by the Norfolk & Western Railway, and the fund drive auctioned it off last weekend.

Bidders came from several states and with a variety of objectives. One farm couple wanted to put the caboose behind their home on the lawn. An Ashtabula businessman wanted to use the car as an eye-catcher beside his store.

"Frankly, that's a big price," Brookins admitted after the bidding was over. "But it's worth it. I don't regret it at all."

It'll take a prize place among the 30 other railroad and trolley vehicles the 64-year-old Brookins runs around a three-and-a-half-mile track at Trolleyville.

He started collecting them in 1954, partly by accident, but the Trolleyville museum now has become an occupation to rival his business—running a mobile home sales lot.

He got his start when he heard that the old inter-urban cars of the Shaker Heights Rapid Transit System were to be sold for scrap.

"I just thought that some-

body should save some of these cars for posterity," he said. "So I went down and bid against the scrap dealers."

Those first purchases stretched out over the years into a project whose cost Brookins no longer even tries to estimate.

"I just can't answer that," he said.

The cars cost him between \$200 and \$800 apiece normally, depending on whether he's bidding against scrap dealers, collectors or—as it happened last weekend—Ashtabula businessmen.

Turkey's Still Cheap Bird, But Trimmings Prices Rise

By DON KENDALL
AP Farm Writer

WASHINGTON (AP)—That fine old bird, the turkey, is rated as one of the best buys in the supermarket, but some of the trimmings are going to add to family food bills this Thanksgiving.

A 21-pound turkey in the Washington, D.C., area is selling this week for an average of 39 cents per pound, which is unchanged from the past three Thanksgiving days, the Agriculture Department reports.

At \$7.80 for a typical bird, the turkey is usually the single most expensive item on the dinner table, depending on how fancy the other fare is.

The department limited its retail price survey to the Washington area and said there was no national estimate. However, retail food prices generally are running about 4 per cent higher than last year.

Some items cost more this Thanksgiving. Ready-mixed

stuffing is 35 cents per pound, compared with 33 cents a year ago.

Fresh cranberries, averaging 29 cents a pound, are unchanged. Sweet potatoes are up one penny from 14 cents per pound a year ago.

Turkeys have become a year-around feature at supermarkets, not just a holiday treat as they once were. One big reason is that farmers have learned to produce them more efficiently and on a full-time basis.

The Agriculture Department says a record 128.4 million turkeys were raised this year, up 7 per cent from 1971.

Consumers increasingly have turned to turkey and other poultry as prices have gone up for beef and pork. This year, the department says, each American will eat an average of 8.9 pounds of turkey.

In 1960, by comparison, per capita turkey consumption was 6.1 pounds.

New Pentagon Papers Jury Sought By Defense Lawyers

LOS ANGELES (AP)—Arguing that Vice President Spiro T. Agnew prejudiced jurors in the Pentagon Papers case, defense attorneys say they want a new jury before the appeal-delayed trial resumes.

Attorneys for Daniel Ellsberg and Anthony Russo also say they plan to seek dismissal of espionage, conspiracy and theft charges because of "alleged governmental misconduct in connection with this trial."

The attorneys told the trial judge of their intentions Tuesday.

U. S. District Court Judge Matt Byrne said he hoped to resume the trial Dec. 6.

The U.S. Supreme Court refused last week to hear a defense appeal on a wiretapping issue that forced postponement

of the case last August. Ellsberg, 41, and Russo, 35, both former Rand Corp. researchers, are accused of giving the news media top secret documents detailing origins of U.S. involvement in the Vietnam war.

Defense attorney Leonard Boudin told Byrne if the trial proceeded, he would seek to have the jury dismissed in favor of a new one.

The defense cited comments made by Agnew on a nationally televised show Oct. 29 as a prejudicial.

Comparing the Pentagon Papers case to the Watergate incident involving bugging of Democratic national headquarters in Washington, D.C., Agnew said in a transcript of the show:

"If you are going to purloin documents, why is there a double standard about purloining re-election documents and purloining the Pentagon Papers?"

Boudin did not elaborate on his contention of governmental misconduct in the case, but he said he would file his dismissal motion by Nov. 28, the deadline set by Byrne for filing motions.

Byrne also set a hearing on arguments for Nov. 30 and though he did not immediately rule on the jury matter, he said he would begin questioning jurors Dec. 1.

Snow, Rain Mark U.S. Weather

By THE ASSOCIATED PRESS
Snow drifted into the northern half of the Mississippi Valley, the Great Lakes region and the Ohio Valley today while Thanksgiving eve was cloudy and damp over wide areas of the West.

Temperatures at the west end of Lake Superior and at spots in Texas dropped into the single digits overnight.

Rain mixed with snow left slush from the southern Ohio Valley to Tennessee.

From the central California coast to Canada and east over the Sierras, extensive cloud cover masked the West. Light rain and drizzle dampened the lower elevations of Washington and Oregon and snow whitened a few mountain areas.

Clear or partly cloudy skies prevailed on the East Coast from northern Florida to Maine, over most of the Rockies, and from extreme southern California to New Mexico.

Temperatures were below normal in the Midwest and East.

Readings before dawn ranged from 5 at Dahlart, Tex., to 72 at Key West, Fla.

2 U.S. Planes Lost In War

Swing-Wing Jet Lost Above DMZ

SAIGON (AP)—The U.S. Command today announced the heaviest B52 attack of the war on North Vietnam and the loss of two smaller jets, including another one of its swing-wing F111s. Three of the crewmen are missing and one was rescued, the command said.

The F111 was the fourth of the \$15 million planes lost since the controversial all-weather attack bomber returned to combat on Sept. 28. The command said it disappeared before dawn Tuesday while on a solo mission just above the demilitarized zone, and its two crewmen are missing.

The U.S. Command also reported that a Marine F4 fighter-bomber was shot down in southern Laos Monday. It said one crewman was rescued and the other was missing.

The loss of a third American plane was reported by the U.S. Embassy in Thailand, where most of the U.S. Air Force planes flying against North Vietnam are based. The Embassy said a C47 crashed late Tuesday as it was landing at the Nakorn Phanom base in northeast Thailand, killing two of the crew and injuring eight others.

Fifteen B52 missions were reported in North Vietnam below the 20th parallel during the 24-hour period ending at noon Wednesday, topping a previous high of 13 such missions during one 24-hour period.

While the U.S. Command would not disclose how many B52s made up each mission, other U.S. military sources said there were about 45 in all and they dropped more than 1,300 tons of explosives on the southern panhandle of North Vietnam.

Nursing Homes Given Option On Cost Plan

COLUMBUS, Ohio (AP)—The state backed down Tuesday on its requirement that nursing homes participate in a cost formula program after a group of the facilities threatened to stop treating welfare patients.

Acting Welfare Director Robert Canary said department officials will meet with nursing home representatives to negotiate a flat rate payment for those not wanting to submit cost reports for the Medicare-type pay system.

Under the proposed cost formula program, which was to have gone into effect January 1, each home would have been required to compute its costs and submit a statement to the Welfare Department.

Payments would have been based on nursing home accounts, with the maximums being \$15 a day for skilled homes and \$12 for intermediary homes.

Currently, the state pays flat rates of \$14 and \$11.

The Committee of Independent Providers of Long Term Care threatened Tuesday to eject welfare patients after Jan. 1 rather than take part in the cost formula program.

John Wheeler, a spokesman for the group, told newsmen the ultimatum included about 430 of the 1,200 nursing homes that treat about 17,000 welfare patients in the state.

Canary said about 40 per cent of the skilled homes already are operating on the cost formula plan, but some of the other homes did not want to switch to the new plan because of burdensome paperwork and because it would cut down on their profit.

The cost of auditing the accounts of 1,200 nursing homes would be exorbitant, Canary said, and that money could be used better for patient care.

He said the department's negotiations with the nursing homes should be completed by Jan. 1.

Liquor Workers Get New Contract

CLEVELAND, Ohio (AP)—Some 300 state liquor store clerks on strike since Monday agreed to return to their jobs in northeast Ohio today because of a 14-month, \$1 million contract.

The pact was worked out Monday in negotiations in Columbus between representatives of the state Liquor Control Department and the American Federation of State, County and Municipal Employees.

The strike closed for two days 24 of the 56 stores and warehouses in Lorain, Cuyahoga, Ashland, Medina, Lake, Geauga, Ashtabula and Wayne counties, according to Richard Redway, executive assistant in charge of retail stores and warehouses in the eight-county area.

Kissinger, Tho Continue Talks; Atmosphere Jovial

PARIS (AP)—Henry A. Kissinger paid a brief visit to Brussels today to confer with President Suharto of Indonesia but scheduled more Vietnam peace negotiations this afternoon with North Vietnam's Le Duc Tho.

Indonesia is one of four countries that have been asked to supervise the cease-fire Kissinger and Tho are trying to work out. Presumably the U.S. presidential adviser went to Brussels to discuss this with Suharto, who is on a tour of European capitals.

Kissinger flew to Brussels Tuesday night after his second meeting with Tho. He returned to Paris in the middle of the morning.

Kissinger and Tho met for more than four hours Tuesday at a suburban villa owned by the French Communist party.

As usual there was no concrete information on their discussions. But during one 15-minute break they could be seen walking together in the garden, conversing animatedly and occasionally laughing loudly. This jovial atmosphere aroused speculation that the talks were going well.

Kissinger also took time out Tuesday to lunch with the beautiful blonde wife of banker Freddy Cushing, who is with

Lehman Bros. in Paris. Friends said the Cushings have invited Kissinger to have Thanksgiving dinner with them, an indication that his talks with Tho may continue into the weekend.

North Vietnam meanwhile sounded its daily blast with a "special communique" demanding that the United States halt its bombing and "sign with equal speed the peace agreement."

Kissinger and Tho worked out in Paris in October. South Vietnamese President Nguyen Van Thieu's senior adviser on national security, Nguyen Phu Duc, left Saigon Tuesday night for Paris, presumably to put new pressure on Kissinger to hold out for a peace agreement conforming to Thieu's demands.

JFK Rites Are Held Across U.S.

By THE ASSOCIATED PRESS
Memorial rites were planned today in different parts of the nation to observe the ninth anniversary of President John F. Kennedy's assassination.

Close friends and family members were expected to attend a private mass at the Holy Trinity Church in Washington, D.C.'s Georgetown district, where Kennedy used to live.

In Dallas, school children for the first time were called on to help Mayor Wes Wise conduct rites at the Kennedy Memorial, a few hundred yards from where Kennedy was shot as he rode in a motorcade Nov. 22, 1963.

The pupils were to lead prayers and scripture reading while a Jesuit high-school band provided music for hymns.

A visit to Kennedy's grave at Arlington National Cemetery outside Washington on the anniversary has been an annual event for the Kennedy family.

Its most prominent members, the late president's brother, Sen. Edward M. Kennedy, D-Mass., and Jacqueline Onassis, were not expected to be present today, however.

Edward Kennedy and his family are in West Germany and Mrs. Onassis has never joined the Kennedys to honor her late husband on the anniversary of his death.

Kissinger and Tho met for more than four hours Tuesday at a suburban villa owned by the French Communist party.

As usual there was no concrete information on their discussions. But during one 15-minute break they could be seen walking together in the garden, conversing animatedly and occasionally laughing loudly. This jovial atmosphere aroused speculation that the talks were going well.

Kissinger also took time out Tuesday to lunch with the beautiful blonde wife of banker Freddy Cushing, who is with

Lehman Bros. in Paris. Friends said the Cushings have invited Kissinger to have Thanksgiving dinner with them, an indication that his talks with Tho may continue into the weekend.

North Vietnam meanwhile sounded its daily blast with a "special communique" demanding that the United States halt its bombing and "sign with equal speed the peace agreement."

Kissinger and Tho worked out in Paris in October. South Vietnamese President Nguyen Van Thieu's senior adviser on national security, Nguyen Phu Duc, left Saigon Tuesday night for Paris, presumably to put new pressure on Kissinger to hold on for a peace agreement conforming to Thieu's demands.

JFK Rites

Are Held Across U.S.

By THE ASSOCIATED PRESS
Memorial rites were planned today in different parts of the nation to observe the ninth anniversary of President John F. Kennedy's assassination.

Close friends and family members were expected to attend a private mass at the Holy Trinity Church in Washington, D.C.'s Georgetown district, where Kennedy used to live.

In Dallas, school children for the first time were called on to help Mayor Wes Wise conduct rites at the Kennedy Memorial, a few hundred yards from where Kennedy was shot as he rode in a motorcade Nov. 22, 1963.

The pupils were to lead prayers and scripture reading while a Jesuit high-school band provided music for hymns.

A visit to Kennedy's grave at Arlington National Cemetery outside Washington on the anniversary has been an annual event for the Kennedy family.

Its most prominent members, the late president's brother, Sen. Edward M. Kennedy, D-Mass., and Jacqueline Onassis, were not expected to be present today, however.

Edward Kennedy and his family are in West Germany and Mrs. Onassis has never joined the Kennedys to honor her late husband on the anniversary of his death.

Bethlehem Joins Steel Price Hike

NEW YORK (AP)—The nation's No. 2 steel producer has joined the largest in announcing a broad price boost which could push up costs in the construction, machinery and automotive industries.

Bethlehem Steel Corp. on Tuesday announced price hikes of from \$6 to \$25 a ton on a variety of steel products, including heavy structural products used in the construction industry. The increase was

equivalent to an across-the-board price hike of about 1.8 per cent, Bethlehem said.

U.S. Steel Corp., the nation's largest steel firm, had announced a series of similar price boosts last Friday.

The U.S. Steel price increase was said to be equivalent to a 2.7 per cent across the board hike, but — like Bethlehem's — took the form of larger increases on selected products composing about 55 per cent of

the product line.

Bethlehem raised prices of steel shapes, piling, plates, rails, bars, rods and tubular products. All of these increases, it said, had been approved under a blanket Price Commission authorization about a year ago and would take effect Jan. 1.

Bethlehem also said it would apply to the Price Commission for permission to raise by 4 per cent the price of tin mills prod-

ucts, which make up a relatively small percentage of sales. These increases, if approved, would take effect next Feb. 16.

Left untouched were the prices of sheet and strip products, which make up about 40 per cent of shipments industry wide, according to analysts. Bethlehem had said in October that it would hold the line of these prices at least through April.

County Sanitarian Explains Uniform Home Sewage Laws

EDITORS NOTE: The following article was prepared by Hugh Barnhill, sanitarian for the Pickaway County Health Department, to help explain some of the problems his office is finding in dealing with uniform sewage regulations.

By HUGH BARNHILL
Sanitarian
Pickaway County Health Dept.

In 1969 the Pickaway County Health Department adopted a uniform home sewage regulation. These regulations govern the installation and location of all types of sewage disposal systems.

Included in these regulations was Section 4.2 that read "no system employing leaching devices shall be installed where the texture, structure or porosity of the soil is not suitable." This section actually gave the Health Department the authority to prevent the installation of leaching type sewage disposal systems in areas where they were not likely to work. The only problem is how to determine the suitability of the soils for sewage systems.

With the increased growth in Pickaway County, there has been a record number of houses built each succeeding year for the last several years. We have found that many homes just a year old are having problems with disposal of waste water.

Nearly every investigation finds that the home was built in an area where soils are poorly drained, that is, they fall into a category of soils which we could have predicted failure of the system in advance.

Until a short time ago the only method we had for determining the suitability of soils was a method called "percolation tests". A hole is drilled into the ground and soaked with water for 24 or more hours. Then the hole is filled to a depth of one foot and a recorded fall in inches per hour is observed. This is then repeated a number of times until uniform results are achieved. Any soil with a percolation rate of less than one inch per hour is considered unsuitable for septic tank systems. This is fine, theoretically, but in reality, the results are generally unreliable for the following reasons.

Standardization of the techniques used in performing the tests is difficult to achieve, and without proper standardization interpretation is not possible.

Many soils may percolate several inches per hour faster in the summer than the rest of the year.

Soils with underlying bedrock or other unstable material may percolate well but unfiltrated wastes may pass through cracks into wells, springs, ponds, etc.

Soils with underlying gravel may also pass unfiltrated wastes to lower strata.

It is difficult to obtain qualified individuals to perform standardized tests.

Due to the many drawbacks of utilizing field percolation data another method of interpreting the limitations of soil with regard to septic tanks was needed. By far the most useful and readily available information is the use of soil maps and soil scientists to examine the soil.

There are approximately 43 different basic soils in Pickaway County and each can

be readily identified in the field by qualified personnel. Each soil can be classified according to its water holding capacity, permeability, slope, depth to underlying material including glacial till, bedrock sand or gravel. This enables us to predict accurately the probability of a system failure.

For instance, one soil we have in all townships is called Miamian. It has a number designation of 6A4 and may occur on varying slopes. Also a Miamian found in the northern part of the county will have exactly the same characteristics as a Miamian found in the southern part of the county. This soil is well enough drained and permeable enough to provide for proper function of septic tanks for a number of years, however very few soils will provide service for an indefinite period of time. Sooner or later all systems must be replaced.

In several soils failure can be expected in less than one year. These are the soils that we definitely do not want septic tanks. They will immediately start draining sewage onto the ground, ditches, neighbor's property, ponds, lakes, depending on the location of the system.

Because of the temporary nature of septic tank systems and the fact that they will inevitably have to be replaced we recommend that a certain lot size be required for the various soils. Some soils are permeable enough that 20,000 square feet will provide enough land, but many soils that are somewhat poorly drained, an acre or more will be required.

When early failure of the system can be expected due to soil conditions internal drainage of the soils is required. This is provided artificially by use of tiling systems. Detailed drawings and descriptions, including requirements can be obtained at the Health Department.

Each location for the installation of a septic tank is checked by the soil scientists before the system is installed. Soil conditions and type are checked and a map is prepared of the site showing location of the soils along with anything that might influence the function of the system or the location of the home itself.

For instance flood plains, steep banks, waterways or other factors may adversely affect the system. No one wants to build on a flood plain or in an area where the foundation is likely to slip. Often we can make suggestions on how to eliminate or reduce many problems.

Before you begin to build a new home or install a sewage disposal system check with the Health Department to see if it is possible to dispose of household wastes without damage to the environment or prejudice to your neighbors. The Health Department can tell you what is needed to get a permit to install the system.

Local Woman Hospitalized After Crash

A Circleville woman is listed in "poor" condition in Chillicothe Hospital Wednesday following a two-car crash last Saturday evening near Pleasant Valley in Ross County.

Mrs. Lena Cline, 34, of 208 N. Scioto St., is in the intensive care unit at the hospital with serious injuries she received when the auto which she was driving crashed in a near head-on collision at 10:14 p.m. last weekend on the Egypt Pike.

With her in the auto were her husband James Gordon Cline, 33, and children, Gregory, age 6 and Sheila, age 4. Her husband was given emergency treatment for minor cuts and injuries at Chillicothe Hospital but was released. The children escaped injury.

Ross County officers investigating the accident report that both automobiles, the second operated by a Route 1, Frankfort man, were being driven left of center when the collision occurred. None of the passengers in the second car were seriously hurt.

VFW Files For Liquor License Renewal

Circleville City Council has received a communication from the Ohio Department of Liquor Control reporting the liquor license of the Veterans of Foreign Wars has expired. The organization has been required to file for a new license. If the city has any objections, they are to be presented to the department of liquor control before Dec. 16.

The communication was referred to Chief of Police Robert Temple who has been requested to conduct a study of the application.

Members of the board of public utilities: \$400 annually. Casual labor: \$2 per hour minimum hourly rate; \$2.55 per hour maximum hourly rate.

A federal general revenue sharing trust fund was established by council in anticipation of receiving federal revenue sharing money. The fund is required by the state.

In other transfers of funds, \$11 was transferred from planning and zoning expense to planning and zoning special account and \$3,000 was transferred from water works operating to salary account (\$1,800) and fuel and power (\$1,200).

The only non financial legislation heard by council concerned amendments to the ordinance which grants a franchise to Multi Channel Cable Company. The ordinance was held for a second reading.

Cost Of Living Increase 3.7 Per Cent In 6 Months

WASHINGTON (AP) — The cost of living, nudged by higher prices for clothing, rose by three-tenths of one per cent in October, giving the nation a 3.7 per cent inflation rate in the last six months, the government said Tuesday.

The Labor Department said the rise in consumer prices was three-tenths of one per cent both on an unadjusted and seasonally adjusted basis last month, smaller than the September rise but still over the Nixon administration's target of reducing the inflation rate to at least 3 per cent by the end of the year.

Consumer prices in September increased by four-tenths of one per cent on an unadjusted basis and five-tenths on a seasonally adjusted basis.

More than a third of the increase in the October index was blamed on higher clothing prices. The department's Bureau of Labor Statistics said price increases for used cars, health insurance and property taxes also were contributing factors.

The bureau said that in the 11 months since President Nixon

started his Phase 2 wage price control program, the cost of living has risen 3.5 per cent. It has gone up 3.2 per cent since August 1971 when the President imposed his freeze on wages and prices.

Bethlehem . . .

(Continued from Page 1)

Bethlehem, however, concentrates more than other companies on structural steel, use in heavy construction. One analyst said that Bethlehem had apparently executed a neat end-run by pledging to hold steady strip and sheet prices, thus forcing its chief competitor to raise structural steel prices — the very ones that would do Bethlehem the most good.

The steel industry in general is trying to recover some of the added costs it has incurred as the result of an 8 per cent wage hike granted steelworkers in August.

SWC Board Okays Hill Ditch Plan

The Board of Supervisors for the County Soil and Water Conservation District recently held its monthly business meeting.

Board members agreed to proceed with the proposed Hill Group Drainage Ditch, through Senate Bill 160. This is the first time this new legislative authority will be imposed in the county for a group ditch. It is also the first time in Ohio it will be strictly concerned with a complete agricultural ditch, free of flood control measures.

The proposed ditch is in the Robtown area and includes the following land owners: Weldon Hill, Richard Buck, Lucy Fausnaugh, R. G. Carpenter, Helen Ward, Milton Renick, Addie Trump, Addie Squire, Larry Dudleson, Florence Renick, Mrs. Charles Huston, Katherine Gardner, Clyde Cook, Mary Keller, Raymond Hott, Fred Dowdy, Richard Ballard, James Fausnaugh and Joan Reid.

In further business, another smaller group drainage ditch was approved by board members. This is the Hay Run Lateral no. 1 in Deer Creek township. Land owners are the following: Lovell Hammond, Donald H. Kempton and John Williams.

New cooperators to the district include the following: Luther Ruff Jr., Ellwyn Hulse and Delbert Ash.

The next meeting will be December 18, the public is invited. Please call the office at 140 North Court, 474-6183, if you would like to attend.

County Sanitarian Explains Uniform Home Sewage Laws

EDITORS NOTE: The following article was prepared by Hugh Barnhill, sanitarian for the Pickaway County Health Department, to help explain some of the problems his office is finding in dealing with uniform sewage regulations.

By HUGH BARNHILL, Sanitarian
Pickaway County Health Dept.

In 1969 the Pickaway County Health Department adopted a uniform home sewage regulation. These regulations govern the installation and location of all types of sewage disposal systems.

Included in these regulations was Section 4.2 that read "no system employing leaching devices shall be installed where the texture, structure or porosity of the soil is not suitable." This section actually gave the Health Department the authority to prevent the installation of leaching type sewage disposal systems in areas where they were not likely to work. The only problem is how to determine the suitability of the soils for sewage systems.

With the increased growth in Pickaway County, there has been a record number of houses built each succeeding year for the last several years. We have found that many homes just a year old are having problems with disposal of waste water.

Nearly every investigation finds that the home was built in an area where soils are poorly drained, that is, they fall into a category of soils which we could have predicted failure of the system in advance.

A hole is drilled into the ground and soaked with water for 24 or more hours. Then the hole is filled to a depth of one foot and a recorded fall in inches per hour is observed. This is then repeated a number of times until uniform results are achieved. Any soil with a percolation rate of less than one inch per hour is considered unsuitable for septic tank systems. This is fine, theoretically, but in reality, the results are generally unreliable for the following reasons.

Standardization of the techniques used in performing the tests is difficult to achieve, and without proper standardization interpretation is not possible.

Many soils may percolate several inches per hour faster in the summer than the rest of the year.

Soils with underlying bedrock or other unstable material may percolate well but unfiltered wastes may pass through cracks into wells, springs, ponds, etc.

Soils with underlying gravel may also pass unfiltered wastes to lower strata.

It is difficult to obtain qualified individuals to perform standardized tests.

Due to the many drawbacks of utilizing field percolation data another method of interpreting the limitations of soil with regard to septic tanks was needed. By far the most useful and readily available information is the use of soil maps and soil scientists to examine the soil.

There are approximately 43 different basic soils in Pickaway County and each can

be readily identified in the field by qualified personnel. Each soil can be classified according to its water holding capacity, permeability, slope, depth to underlying material including glacial till, bedrock sand or gravel. This enables us to predict accurately the probability of a system failure.

For instance, one soil we have in all townships is called Miamian. It has a number designation of 6A4 and may occur on varying slopes. Also a Miamian found in the northern part of the county will have exactly the same characteristics as a Miamian found in the southern part of the county. This soil is well enough drained and permeable enough to provide for proper function of septic tanks for a number of years, however very few soils will provide service for an indefinite period of time. Sooner or later all systems must be replaced.

In several soils failure can be expected in less than one year. These are the soils that we definitely do not want septic tanks. They will immediately start draining sewage onto the ground, ditches, neighbor's property, ponds, lakes, etc., depending on the location of the system.

Because of the temporary nature of septic tank systems and the fact that they will inevitably have to be replaced we recommend that a certain lot size be required for the various soils. Some soils are permeable enough that 20,000 square feet will provide enough land, but many soils that are somewhat poorly drained, an acre or more will be required.

When early failure of the system can be expected due to soil conditions internal drainage of the soils is required. This is provided artificially by use of tiling systems. Detailed drawings and descriptions, including requirements can be obtained at the Health Department.

Each location for the installation of a septic tank is checked by the soil scientists before the system is installed. Soil conditions and type are checked and a map is prepared of the site showing location of the soils along with anything that might influence the function of the system or the location of the home itself.

For instance flood plains, steep banks, waterways or other factors may adversely affect the system. No one wants to build on a flood plain or in an area where the foundation is likely to slip. Often we can make suggestions on how to eliminate or reduce many problems.

Before you begin to build a new home or install a sewage disposal system check with the Health Department to see if it is possible to dispose of household wastes without damage to the environment or prejudice to your neighbors. The Health Department can tell you what is needed to get a permit to install the system.

Kiwanis Hears Holy Lands Presentation

REV. HENRY WALTERS

The Rev. Henry Walters, minister of the Presbyterian Church, presented slides and discussion of his trip to the Holy Lands at Monday's Circleville Kiwanis Club meeting at the Mecca Restaurant.

In business meeting, President Dave Gillespie read letters of thanks concerning donations and help regarding YMCA membership for needy children and for joint Ross-Pickaway County Vocational School Guidance council.

Discussion was held on the upcoming Kiwanis Charity Newsie Sale to be held Dec. 4 and the Kiwanis Charity Ball, scheduled Dec. 1.

It was announced that the Circleville club is scheduled to host Division 10-S council Jan. 15, at which time the honored guest will be the Ohio Kiwanis Governor.

Plans were made for an interclub to attend the Charter Party for the newly-organized Pickerington Kiwanis Club at the Stoney Creek Country Club Dec. 13.

Guest at the meeting were Mike Hulse, former Circleville High School Key Club president, and Mrs. Eugene Dowler, who was pianist for the evening.

Cost Of Living Increase 3.7 Per Cent In 6 Months

WASHINGTON (AP) — The cost of living, nudged by higher prices for clothing, rose by three-tenths of one per cent in October, giving the nation a 3.7 per cent inflation rate in the last six months, the government said Tuesday.

The Labor Department said the rise in consumer prices was three-tenths of one per cent both on an unadjusted and seasonally adjusted basis last month, smaller than the September rise but still over the Nixon administration's target of reducing the inflation rate to at least 3 per cent by the end of the year.

Consumer prices in September increased by four-tenths of one per cent on an unadjusted basis and five-tenths on a seasonally adjusted basis.

More than a third of the increase in the October index was blamed on higher clothing prices. The department's Bureau of Labor Statistics said price increases for used cars, health insurance and property taxes also were contributing factors.

The bureau said that in the 11 months since President Nixon

started his Phase 2 wage price control program, the cost of living has risen 3.5 per cent. It has gone up 3.2 per cent since August 1971 when the President imposed his freeze on wages and prices.

Bethlehem . . .

(Continued from Page 1)

Bethlehem, however, concentrates more than other companies on structural steel, use in heavy construction. One analyst said that Bethlehem had apparently executed a neat end-run by pledging to hold steady strip and sheet prices, thus forcing its chief competitor to raise structural steel prices — the very ones that would do Bethlehem the most good.

The steel industry in general is trying to recover some of the added costs it has incurred as the result of an 8 per cent wage hike granted steelworkers in August.

PTA News

Washington PTO
Washington Twp. Parent Teacher Organization held its November meeting at the school. The meeting was opened by Mr. Ott leading the group in the pledge to the American Flag. Mr. Frank Siemers gave the invocation, appropriate to the Thanksgiving season.

The attendance banner was won by Mrs. Adkins' class. The secretary and treasurer reports were read and approved.

Discussion during the meeting included why the school honor roll was not published in the paper, what was being done to the overcrowded conditions at the school and were some guidelines the PTO could go by to help with these conditions.

Mr. Brown presented a list of items the school could use now. After some discussion the list was turned over to the ways and means committee.

Ned Harden showed slides of "Circleville Recollections." Refreshments were served by the second grade room mothers.

Dr. Charles Harden, Kingston veterinarian, is scheduled to speak at the next session of the Adult Agriculture Class at Logan Elm.

Mainly About People

John D. Smith, Route 1, Stoutsville, is a patient in Doctors Hospital, Denison Ave., Columbus, in room 384 north.

Correction

The picture on page 2 of Tuesday's paper depicting installation of Christmas lights in downtown Circleville was improperly credited to city service workers.

Actually, Flash Electric, owned by Jim Armstrong, installs the lights each year for the Circleville Jaycees, who sponsor downtown decorations.

SWC Board Okays Hill Ditch Plan

The Board of Supervisors for the County Soil and Water Conservation District recently held its monthly business meeting.

Board members agreed to proceed with the proposed Hill Group Drainage Ditch, through Senate Bill 160. This is the first time this new legislative authority will be imposed in the county for a group ditch. It is also the first time in Ohio it will be strictly concerned with a complete agricultural ditch, free of flood control measures.

The proposed ditch is in the Robtown area and includes the following land owners: Weldon Hill, Richard Bluck, Lucy Fausnaugh, R. G. Carpenter, Helen Ward, Milton Renick, Addie Trump, Addie Squire, Larry Duleson, Florence Renick, Mrs. Charles Huston, Katherine Gardner, Clyde Cook, Mary Keller, Raymond Hott, Fred Dowdy, Richard Ballard, James Fausnaugh and Joan Reid.

In further business, another smaller group drainage ditch was approved by board members. This is the Hay Run Lateral no. 1 in Deer Creek township. Land owners are the following: Lovell Hammond, Donald H. Kempton and John Williams.

New cooperators to the district include the following: Luther Ruff Jr., Ellwyn Hulse and Delbert Ash.

The next meeting will be December 18, the public is invited. Please call the office at 140 North Court, 474-6183, if you would like to attend.

Cattle Diseases To Be Discussed

Dr. Charles Harden, Kingston veterinarian, is scheduled to speak at the next session of the Adult Agriculture Class at Logan Elm.

Dr. Harden's topic will be "Diseases and Preventative Medicine in Beef Cattle." He will present his talk Monday at 8 p.m. in the agriculture room at Logan Elm High School. The class is open to the public.

Braves Have Season's First Game

By CINDY MATHEWS

With football season at an end, fans now look forward to the warmer and dryer spectator conditions of basketball.

Under new head coach David Little, LE's hard-working varsity should easily carry on the tradition of a great LE basketball team. Reserves under the instruction of new coach Asa Bradbury, should also prove to be a winning team.

This year's varsity is made up of 15 dedicated men. Returning from last year's varsity are seniors: Tim Justice, Tom Sykes, Doug Marshall, and Mike Holbrook. Other members of the team are Marty Eveland, Rick Jones, Joe Stump, Terry Crumley, Jay Justice, Brad Luckhart, Stu Jones, Scott Bower, Steve Sargent, George Bauman, and Marty Fullen.

With the team's determination and skill, this promises to be another exciting and successful season for LE basketball. The 1972-73 Logan Elm basketball schedule is as follows:

Nov. 17 — Zane Trace, home
Nov. 20 — Teays Valley, away
Dec. 1 — Unioto, away
Dec. 2 — Franklin Heights, away
Dec. 8 — Adena, home
Dec. 15 — Piketon, home
Dec. 16 — Bernie Union, home
Dec. 20 — Huntington, away
Dec. 28-29, Holiday Tourney at LE
Jan. 5 — Madison Plains, Jan. 13 — Teays Valley, home
Jan. 19 — Westfall, home
Jan. 26 — Paint Valley, away
Feb. 2 — Zane Trace, away
Feb. 3 — Bishop Flaget, home
Feb. 9 — East Clinton, home
Feb. 17 — St. Charles, away

Norton Is FFA Officer

JOHN NORTON

By TONY CARROLL

John Norton, of Laurelville, Route 1, is the son of Mr. and Mrs. John Norton. He is a junior at Logan Elm and vice president of the Logan Elm Chapter of FFA.

John is interested in his Chapter and works hard to achieve his goals. His projects this year are six sows and corn, wheat, oats, and hay.

This year at the Hocking County Junior Fair, John took five feeder pigs, corn, wheat, oats, and hay. He is planning to exercise his learning in agriculture by farming after graduation.

John was also a member of the Gold Medal Parliamentary Procedure Team. His comments about the FFA Program at Logan Elm center mainly around the shop facilities which he believes will be much more adequate when the new shop is built in the future.

Logan Elm Has CROP Walkers

By VANESSA MILLS

Many motorists driving through Logan Elm District on Nov. 12 thought the world was being invaded by a herd of teenagers. Actually, it was the annual CROP Walk.

No one could have asked for a more perfect day to walk the miles for a good cause—raising money to combat world hunger. Walking from Logan Elm High School were Dawn Redman, Bill Withers, Denise Redman, Sue Fletcher, Vanessa Mills, Ora Beavers, Karen Ewing, Bonnie Bolender, Cindy Myers, and Cathy Jones.

McDowell Exchange School was represented by Carol Kraft, Barb Bolender, Brenda Bolender, Wray Jean Beavers, Steve Withers, Dawn Smith, Doreen Quince, Bill Leist, Joan Goode and Marilyn List.

LE Student Is DeMolay Sweetheart

By SEPTEMBER YOUNG

Logan Elm is proud to have the DeMolay Sweetheart of 72, Sue Kaiser. Sue resides at Route No. 3, Dunkle Road, with her parents, Mr. and Mrs. Robert Kaiser.

Sue received the honor on April 27 by singing a song for the talent portion which was entitled, "I Don't Know How To Love Him."

As her likes, Sue lists her Camaro and just having fun with all her friends. She dislikes being pressured into things and two-faced people. Sue's favorite colors is orange, favorite song is "If I Could Reach You" and her favorite day is Friday.

Sue's hobbies include Round-bow players, having fun at Borden Burger on weekends, and working at the steak house.

Sue's reaction to being chosen was, "I was really surprised, but happy." I've had some real fun and unusual times with the Pumpkin Show. "I love it."

Smoke Signals

By CINDY MATHEWS

This week students of LE were asked "If you could be anything, what would you be and why?" Here are some of the answers:

Kathy S. — I would be a 2nd year typing teacher so Cindy and I could talk.

Lewis N. — I would become an ape so I could be a swinger. Cindy M. — I'd be a principal and hire Kathy to be typing teacher so we could talk.

Sheryl Q. — I would be time, then things would work out faster.

September Y. — I would like to be a little girl because life was so simple then.

Joe L. — I don't know?

Penni F. — I want to be a mechanic so I can help Mike work on his car.

Jill T. — I'd be a mommy because I like little kids.

Linda F. — I would like to be a band teacher so I won't be cheated.

Mr. DeLong — I'd like to be a professional motorcyclist because I like to go fast.

Sue K. — I'd be an eraser so I could erase all the bad things in the world.

Mr. Barney — I'd be a professional football player cause I'm rough and tough and MEAN!

Most Cars Pass LE Safety Check

Last Monday, Logan Elm students, under the supervision of Drivers' Ed. instructor Chuck Pritchard, conducted a safety check for anyone interested in having his car checked for safety purposes.

Of the 32 cars being checked, 63 per cent were passed while 37 per cent were rejected. Among the rejected cars was Principal Dow O. West's car which sported a faulty windshield wiper. Faulty brakes, exhaust system inefficiencies, poor windshield wipers and washers, and ineffective tires and lights were some of the reasons for rejection.

Issued to the passing automobiles were stickers stating that the car had been checked and had passed. Special thanks goes to Sheriff's Deputy Mr. Phil Brown who gave his time to help supervise the safety check.

Mr. Pritchard has announced that a recheck will be scheduled in the near future.

Vanessa entered the contest because "It's a lot of fun and good experience for working in front of a crowd." To enter the contest one must be a girl between 13 and 17 and live in the Columbus trading area. The contestants were judged on their scholastic achievement, talent, poise, and appearance.

LE Student Is DeMolay Sweetheart

By SEPTEMBER YOUNG

Logan Elm is proud to have the DeMolay Sweetheart of 72, Sue Kaiser. Sue resides at Route No. 3, Dunkle Road, with her parents, Mr. and Mrs. Robert Kaiser.

Sue received the honor on April 27 by singing a song for the talent portion which was entitled, "I Don't Know How To Love Him."

As her likes, Sue lists her Camaro and just having fun with all her friends. She dislikes being pressured into things and two-faced people. Sue's favorite colors is orange, favorite song is "If I Could Reach You" and her favorite day is Friday.

Sue's hobbies include Round-town players, having fun at Borden Burger on weekends, and working at the steak house.

Sue's reaction to being chosen was, "I was really surprised, but happy." I've had some real fun and unusual times with the Pumpkin Show, "I love it."

This week students of LE were asked "If you could be anything, what would you be and why?" Here are some of the answers:

Kathy S. — I would be a 2nd year typing teacher so Cindy and I could talk.

Lewis N. — I would become an ape so I could be a swinger.

Cindy M. — I'd be a principal and hire Kathy to be typing teacher so we could talk.

Sheryl Q. — I would be time, then things would work out faster.

September Y. — I would like to be a little girl because life was so simple then.

Joe L. — I don't know?

Penni F. — I want to be a mechanic so I can help Mike work on his car.

Jill T. — I'd be a mommy because I like little kids.

Linda F. — I would like to be a hand teacher so I won't be cheated.

Mr. DeLong — I'd like to be a professional motorcyclist because I like to go fast.

Sue K. — I'd be an eraser so I could erase all the bad things in the world.

Mr. Barney — I'd be a professional football player cause I'm rough and tough and MEAN!

Most Cars Pass LE Safety Check

Last Monday, Logan Elm students, under the supervision of Drivers' Ed. instructor Chuck Pritchard, conducted a safety check for anyone interested in having his car checked for safety purposes.

Of the 32 cars being checked, 63 per cent were passed while 37 per cent were rejected. Among the rejected cars was Principal Dow O. West's car which sported a faulty windshield wiper. Faulty brakes, exhaust system inefficiencies, poor windshield wipers and washers, and ineffective tires and lights were some of the reasons for rejection.

Issued to the passing automobiles were stickers stating that the car had been checked and had passed.

Special thanks goes to Sheriff's Deputy Mr. Phil Brown who gave his time to help supervise the safety check.

Mr. Pritchard has announced that a recheck will be scheduled in the near future.

Norton Is FFA Officer

JOHN NORTON

By TONY CARROLL

John Norton, of Laurelville, Route 1, is the son of Mr. and Mrs. John Norton. He is a junior at Logan Elm and vice president of the Logan Elm Chapter of FFA.

John is interested in his Chapter and works hard to achieve his goals. His projects this year are six sows and corn, wheat, oats, and hay.

This year at the Hocking County Junior Fair, John took five feeder pigs, corn, wheat, oats, and hay. He is planning to exercise his learning in agriculture by farming after graduation.

John was also a member of the Gold Medal Parliamentary Procedure Team. His comments about the FFA Program at Logan Elm center mainly around the shop facilities which he believes will be much more adequate when the new shop is built in the future.

Logan Elm Has CROP Walkers

By VANESSA MILLS

Many motorists driving through Logan Elm District on Nov. 12 thought the world was being invaded by a herd of teenagers. Actually, it was the annual CROP Walk.

No one could have asked for a more perfect day to walk the miles for a good cause—raising money to combat world hunger.

Walking from Logan Elm High School were Dawn Redman, Bill Withers, Denise Redman, Sue Fletcher, Vanessa Mills, Wray Jean Beavers, Steve Ewing, Bonnie Bolender, Cindy Myers, and Cathy Jones.

McDowell Exchange School was represented by Carol Kraft, Barb Bolender, Brenda Bolender, Wray Jean Beavers, Steve Withers, Dawn Smith, Doreen Quince, Bill Leist, Joan Goode and Marilyn List.

Thanksgiving

Americans pause to observe their own most ancient holiday. Ours is a climate that makes men vigorous. Ours is a soil fertile and more than sufficient to yield a varied and bountiful food supply. Beneath it lie mineral riches, some in inexhaustible supply. Ample rainfall makes this a green and smiling land, a land of lakes and streams.

The pioneers who wrested it from the forests and the sage, and the philosophers and soldiers and statesmen who made it a nation gave us traditions of freedom.

To our country have come men of talent, men of curiosity and resourcefulness and ingenuity. They and their sons and daughters have produced miracles. They have harnessed the elements, penetrated the secrets of nature, mastered the laws of physics. They have eliminated the causes of many diseases, have found cures for many afflictions, have made us healthier and longer-lived.

But Thanksgiving is not a day for soft individuals seeking perfection in earthly living. If there were nothing to be concerned about, how would gratitude be stimulated in the human

breast? There would be no contrast to suggest a reason for thankfulness.

An ideal state would soon pall. Man isn't built to cope with the monotony of unchanging material and spiritual weal. That is why few rich people are really happy and why a cultural or spiritual achievement is not long satisfying. The urge for something else, possibly better but at least a change, is universal.

The Pilgrims fled from unsettled political conditions which seemed unbearable to them. They faced danger in a risky ocean voyage and in the unknown perils of a wilderness home. In their new surroundings they faced hardships at least the equal of any on earth today.

But they also had individual initiative and determination to win better things. And for such victories as they had over a cruel environment they were grateful. Their spirit of gratitude has endured to this day because of their fortitude in the face of hazards.

Thanksgiving Day should inspire less complacent thoughts, should cause each of us to ponder the ultimate source of the abundance of American life.

A Spoiled People

By JOHN CHAMBERLAIN

An oil company official, Vice President C. Howard Hardesty of the Continental Oil Company, has accused the American people of being "spoiled rotten" in the way they are strung up between their desires. They want electricity without nuclear plants. They want low-cost and low-sulfur fuel, but they don't want ships, pipelines, oil imports or offshore oil exploration and rigs. They want more coal, but don't want strip mining. They aren't willing to confront the fact that environmental improvements depend on a steady increase of the Gross National Product if there is to be tax money to pay the cost of developing a technology capable of meeting ecological needs.

Spoiled rotten we are, and the rest of the world is rapidly taking advantage of it. Years are going by while we wait to bring oil from the North Slope of Alaska to American ports, a delay which compromises the ability of our State Department to deal with the Arab oil sheiks.

Meanwhile, as Alaska lags, the British, the Norwegians and the Danes are parceling out the new oil fields under the North Sea. Aberdeen in Scotland is suddenly humming with the activity of American oil men who are helping to transform a staid old Scottish community into something that may come to resemble a new Houston. The British, having given up Suez and withdrawn their navy from the Indian Ocean, will be free of dependence on Middle Eastern oil before we are.

Not so long ago, John E. Carroll, who runs the American Hoist and Derrick Company which makes heavy lift equipment, came to New York from St. Paul, Minn., to address the Conference Board on the

prospect for capital equipment growth. He was bullish, foreseeing a potential U. S. investment of \$185 billion in new machinery by 1978. With the anti-technology ecologists in the saddle, however, one has to scratch to justify Mr. Carroll's optimism.

If Mr. Carroll's own company is in the clear, the reason may be sought in his statement that he has just sold \$12 million worth of cranes for British Petroleum Company exploration projects. British Petroleum is planning to erect two huge drilling platforms in the North Sea that are four times as big as any offshore oil platform ever erected before. Mr. Carroll's engineers are developing a 2,000-ton supercrane to help B.P. exploit the new North Sea strikes. We may wish Mr. Carroll the profit he deserves, but why does he have to go to the British alone? He and his fellow equipment manufacturers should have been given the opportunity to bring Alaskan oil to Midwest cities

long before this.

The iffy nature of Mr. Carroll's hopes emerges from his trust in the new accent on environmental quality. His company makes powerful hydraulic presses to compact scrap metal. American cities need such presses to compact their solid wastes. The hydraulic press offers a low-cost, non-polluting alternative to incineration, promising much longer life to land-fill area. But where is the tax money coming from to buy huge presses if the ecologists, fearing that industrial development brings more pollution, keep the GNP from growing?

The more I write about ecological concerns, the more I learn about the technological developments that promise a control of the environment that is comparable with a renewed industrial surge and a continuing American boom. Every city could have its shredders and its giant compressors if the volume (not the rate) of tax revenues grows with the economy.

THURSDAY'S HOROSCOPE GENERAL TENDENCIES:

Most everyone is pretty emotional so try to say and do nothing that would hurt anyone's feelings or upset anyone in any way. Most of us are now thinking in terms of security, so make a point of letting others know you realize this and of helping them build up more of it.

ARIES (Mar. 21 to Apr. 19) Listen to what family members have to say since this could help you solve problems properly now. Make repairs to appliances, etc., that make your home more functional. Take it easy tonight.

TAURUS (Apr. 20 to May 20) Associates extend fine favors in a.m., so be sure to show your appreciation later in some way. You can solve that long-time problem through ingenuity now. Save yourself both money and trouble in this way.

GEMINI (May 21 to June 21) The planets are favorable and you can do much to add to present income, which is necessary owing to the rising cost of living. Listen to the suggestions of financial experts. Being alert is most important now.

MOON CHILDREN (June 22 to July 21) You are now able to enjoy the recreational activities that most appeal to you and to be most sociable. Talk your aims and ambitions over with good friends and get their views, ideas. Study them well tonight.

LEO (July 22 to Aug. 21) You have to closet yourself in your study if you are to reach the right decision where some important matter is concerned. Spend some time later with the one you love. You can forget worries now.

VIRGO (Aug. 22 to Sept. 22) Trust that emotional but good friend who can be of assistance to you now and vice versa. Out to some group affair that is helpful to your particular aims. Use that fine smile and win others over to your way of thinking.

LIBRA (Sept. 23 to Oct. 22) A good day to contact that person of influence who can assist you in accomplishing something that means a great deal to you. Involve yourself in some civic affair that will improve your image within the community in which you reside.

SCORPIO (Oct. 23 to Nov. 21) Tackle that annoying problem from a different angle and you find you solve it properly now. Someone you met recently can be turned into a good friend by contacting this person. A fine p.m. for correspondence whether by letter or telephone.

SAGITTARIUS (Nov. 22 to Dec. 21) There are some clever ways through which to handle that obligation that has had you much disturbed, so be sure to use the best. More affection toward mate gets right results now. Don't play around with others.

CAPRICORN (Dec. 22 to Jan. 20) You can reach that associate who has been difficult of late via the emotions now, and he understands your ideas, views. Cement for better relations. Discuss deals for the future that are important. Avoid troublemakers.

AQUARIUS (Jan. 21 to Feb. 19) There are many duties ahead of you and you barely know where to begin, but so long as you delve right in, you accomplish much through sheer perseverance. Take some exercise that improves health. Fix wardrobe tonight.

PISCES (Feb. 20 to Mar. 20) If you entertain others, you find you can regain their goodwill which has been lacking because you have been too busy to do

so. Confide in mate and have a far better understanding. Some time spent at reading is good.

IF YOUR CHILD IS BORN TODAY... he or she will be one of those slow-acting young people who is so busy watching and wanting to know what is going on in the surroundings that this could get to the nerves of those raising this interesting child. But be patient and there will be such success upon reaching maturity that everyone will be very surprised. Plan to give as fine an education as you can afford, even though your youngster could get on the nerves of teachers also.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

FRIDAY'S HOROSCOPE GENERAL TENDENCIES:

A day and evening to consider what you can best do to have more well-being at your home and with your family, so do something special in this vital realm of your existence. You are able also to handle property matters in such a deliberate and sensible manner that you have a greater income, enough and to spare.

ARIES (Mar. 21 to Apr. 19) Keep busy at duties important to do at home or for kin and show you are devoted. Improve plans for the future. Don't lose your temper, or be impatient with others and get into trouble.

TAURUS (Apr. 20 to May 20) Make appointments that are necessary so the future will be brighter. Tell partners of your ideas, how to solve pending problems. Correspond and get the data you need. Take it easy tonight.

GEMINI (May 21 to June 21) Find better ways to add to present income and show you are most efficient. A wise adviser can help you become more successful. See to it that you keep cool in the face of any emergency that may arise.

MOON CHILDREN (June 22 to July 21) Plan just what you can do to make yourself more dynamic and charming. You are undecided whether to attend a social affair to which you are invited, but it is best to say you are busy. Avoid some possible argument.

LEO (July 22 to Aug. 21) You have to concentrate on what is facing you and on how best to handle duties and problems, then you can carry through efficiently. Get the information you need from others. Try to establish more harmony between yourself and mate.

VIRGO (Aug. 22 to Sept. 22) If you contact friends you like early you can plan for that social pleasure you want now and in the future. You can achieve that particular aim through interesting methods. Do not waste so much time.

LIBRA (Sept. 23 to Oct. 22) You can get into all those business matters now that you have been neglecting, or which are important, and make big headway in the commercial world. Go directly to bigwigs. Don't worry about that civic matter—it will work out all right.

SCORPIO (Oct. 23 to Nov. 21) Figure out angles to use so you can achieve the aims that mean a good deal to you and be well prepared to take action tomorrow. Listen to a new contact you don't really like, but who has the data you want. Be happy with mate.

SAGITTARIUS (Nov. 22 to Dec. 21) Make a plan of campaign that will help you rid yourself of obligations at hand most efficiently. After a good days work be sure you please mate. Find the proper mental meeting ground, though views may differ from yours.

CAPRICORN (Dec. 22 to Jan.

A few weeks after my last "Pap" tet, I received a note from the nurse asking me to contact her immediately.

I was frightened, and had already resigned myself to death before I made that telephone call.

With relief, I finally learned that I had a "trichomona" condition that caused a vaginal discharge.

My husband and I were then given pills for our social disease. Can you tell us more about this condition, and why the husband is involved?

Mrs. L.J.S., Fla.

Dear Mrs. S.:

There are very specific aspects of this letter that intrigue me and unfold some of the aspect of the practice of medicine that need to be remedied.

The nurse should have called you rather than have written to you. Her letter rightfully induced the unnecessary anxiety that so obviously distressed you.

A reassuring call from her would have spared you the palpitating concern associated with such a message.

The "Pap," or Papanicolaou, test is a smear of the lining of the vagina and the cervix of the uterus.

The Pap test is basically used to detect early cancer cells. Thousands of women are now alive and stand as testimonial to the brilliance of the test devised by the famous Dr. Papanicolaou.

I am sure you are being facetious when you refer to a trichomona infection as a "social disease."

You should have been told that it does not have any implication of a venereal condition.

It is caused by a protozoan, trichomonas vaginalis, which is responsible for most cases of persistent vaginal discharge.

The drugs now used are effective in the control of the condition.

For many years the husbands were overlooked as possible carriers of the trichomonas. The result was that their wives were constantly being reinfected.

Today treatment is devoted to both the husband and the wife to destroy the protozoan that causes this distressing, but not serious condition

20) You can make new arrangements with associates that will bring good results in the future. Know exactly how you are progressing where you are headed. Mate is in an argumentative mood. Don't take the bait. Keep calm.

AQUARIUS (Jan. 21 to Feb. 19) Get busy at all the work that needs to be done instead of just what you want to do, and then you please higher-ups, co-workers. Use novel ideas that will make you look more delightful. Don't try to copy others, but have own individuality.

PISCES (Feb. 20 to Mar. 20) After you have done important work, you need to go out for amusement to relieve anxieties and boredom, and to be with one you love. Perfecting some hobby with good friends is also good. The evening can be very amusing.

IF YOUR CHILD IS BORN TODAY... he or she will be one of those delightful young people who will at times be very introverted and at other times be such an extrovert that few can keep up, so be sure to give the right ethical and spiritual training that will bring about a fine balance. Make it possible for this child to learn various languages, philosophies, since most of the success here will come from work in, or with, different countries in imports, exports, or politics.

The Business World

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — While the past year has been one of financial progress for both management and labor, the big increases in corporate profits that are now being reported are producing irritation and embarrassment for executives.

They are embarrassed because the percentage increases are so great. It now appears likely that the increase for 1972 over 1971 will be about 15 per cent. And there is the likelihood of a repeat in 1973.

While corporate officials concede these figures are high, they are irritated by the failure

of casual readers to recall the reason why: 1971 profits were depressingly low.

They are indignant also that labor leaders are inclined to seize on those percentages without explaining that what appears to be a mountain of profits has its base in a very deep ravine — that is, in the recession of 1971.

Actually, they add, profits should be even higher if they are to return to more "normal" levels and if industry is to attract the investment capital needed for expansion.

Price Commission regulations, however, may prevent that occurrence, although some changes might be forthcoming in Phase III, if there is one.

As of now, profit margins must be kept to the average of the best two of the years 1968-1969-1970. But, as the corporate officials note, that was a period of poor earnings. Many of them want the base period revised.

If profits rise 15 per cent this year, the corporate defenders say, it will merely bring them back to where they were in 1968, when the gross national product, or total of goods and services produced, was considerably smaller.

Dr. Albert H. Cox Jr., a former Nixon administration economist and now executive vice president of Lionel D. Edie & Co., as well as senior adviser economic to Merrill Lynch, would like to see the Phase II base period changed.

If it were pushed back to include 1966 and 1967, he observes, it would then permit corporations to use two more rewarding years as the base for measuring permissible profit margins.

Although some industries, such as airlines and aircraft products, have a long way to go before reaching their profit margin limits, others, such as pharmaceuticals and furniture are already pressing against the lid.

There is expected to be rising pressure, therefore, for a revision of price limitations this spring. And you may be certain there will be a heated rebuttal from critics who claim profits already are too high.

Lowell Thomas, Amos and Andy, Gene and Glen, Jack Benny and Benny Moten and his Popular Dance Orchestra were top radio programs received in the area.

The Logan Elm Grange held a chicken dinner at the St. Philip's Parish House. The menu consisted of roast chicken and dressing, mashed potatoes and gravy, salad, green beans, hot rolls, apple pie and coffee. The price of the meal—35 cents.

The Circleville section of the Lancaster Pike was opened to traffic.

John Eagleson, superintendent of schools, was walking home along a dark street when a holdup man suddenly appeared and told the teacher to hand over his money.

Eagleson said "good evening" and continued on his way, followed by the gunman who continued to threaten him. When Eagleson, who was ignoring the man, failed to stop, the frustrated holdup man gave up and disappeared in the darkness.

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

How hard is a diamond? A diamond-pointed tool is so hard it can cut a groove through bronze 1,200 miles long before it needs sharpening. A tungsten-carbon tool can cut a similar groove through only 21 miles of bronze before resharpening.

Early frontiersmen on the western slopes of the Rocky Mountains often cooked their meals with what they called burning rocks. The so-called rocks were taken from deposits of shale, which, when heated, released oil.

There are at least three animals which, because of their size or ferocity are relatively safe from any predator except

man. They are the elephant and rhinoceros on earth, and the killer whale in the sea.

A Virginia doctor says it isn't true that tuberculosis is a curse brought to the Americas by the white man. Dr. Martin J. Allison of the Medical College of Virginia says he has found signs of tuberculosis in the mummified body of a Peruvian Indian child who died about 700 A.D., several hundred years before white explorers arrived.

Accidents are in the head: Several scientific studies have

THURSDAY'S HOROSCOPE

GENERAL TENDENCIES:

Most everyone is pretty emotional so try to say and do nothing that would hurt anyone's feelings or upset anyone in any way. Most of us are now thinking in terms of security, so make a point of letting others know you realize this and of helping them build up more of it.

ARIES (Mar. 21 to Apr. 19) Listen to what family members have to say since this could help you solve problems properly now. Make repairs to appliances, etc., that make your home more functional. Take it easy tonight.

TAURUS (Apr. 20 to May 20) Associates extend fine favors in a.m., so be sure to show your appreciation later in some way. You can solve that long-time problem through ingenuity now. Save yourself both money and trouble in this way.

GEMINI (May 21 to June 21) The planets are favorable and you can do much to add to present income, which is necessary owing to the rising cost of living. Listen to the suggestions of financial experts. Being alert is most important now.

MOON CHILDREN (June 22 to July 21) You are now able to enjoy the recreational activities that most appeal to you and to be most sociable. Talk your aims and ambitions over with good friends and get their views, ideas. Study them well tonight.

LEO (July 22 to Aug. 21) You have to closet yourself in your study if you are to reach the right decision where some important matter is concerned. Spend some time later with the one you love. You can forget worries now.

VIRGO (Aug. 22 to Sept. 22) Trust that emotional but good friend who can be of assistance to you now and vice versa. Out to some group affair that is helpful to your particular aims. Use that fine smile and win others over to your way of thinking.

LIBRA (Sept. 23 to Oct. 22) A good day to contact that person of influence who can assist you in accomplishing something that means a great deal to you. Involve yourself in some civic affair that will improve your image within the community in which you reside.

SCORPIO (Oct. 23 to Nov. 21) Tackle that annoying problem from a different angle and you find you solve it properly now. Someone you met recently can be turned into a good friend by contacting this person. A fine p.m. for correspondence whether by letter or telephone.

SAGITTARIUS (Nov. 22 to Dec. 21) There are some clever ways through which to handle that obligation that has had you much disturbed, so be sure to use the best. More affection toward mate gets right results now. Don't play around with others.

CAPRICORN (Dec. 22 to Jan. 20) You can reach that associate who has been difficult of late via the emotions now, and he understands your ideas, views. Cement for better relations. Discuss deals for the future that are important. Avoid troublemakers.

AQUARIUS (Jan. 21 to Feb. 19) There are many duties ahead of you and you barely know where to begin, but so long as you delve right in, you accomplish much through sheer perseverance. Take some exercise that improves health. Fix wardrobe tonight.

PISCES (Feb. 20 to Mar. 20) If you entertain others, you find you can regain their goodwill which has been lacking because you have been too busy to do

so. Confide in mate and have a far better understanding. Some time spent at reading is good.

IF YOUR CHILD IS BORN TODAY... he or she will be one of those slow-acting young people who is so busy watching and wanting to know what is going on in the surroundings that this could get to the nerves of those raising this interesting child. But be patient and there will be such success upon reaching maturity that everyone will be very surprised. Plan to give as fine an education as you can afford, even though your youngster could get on the nerves of teachers also.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

FRIDAY'S HOROSCOPE

GENERAL TENDENCIES:

A day and evening to consider what you can best do to have more well-being at your home and with your family, so do something special in this vital realm of your existence. You are able to handle property matters in such a deliberate and sensible manner that you have a greater income, enough and to spare.

ARIES (Mar. 21 to Apr. 19) Keep busy at duties important to do at home or for kin and show you are devoted. Improve plans for the future. Don't lose your temper, or be impatient with others and get into trouble.

TAURUS (Apr. 20 to May 20) Make appointments that are necessary so the future will be brighter. Tell partners of your ideas, how to solve pending problems. Correspond and get the data you need. Take it easy tonight.

GEMINI (May 21 to June 21) Find better ways to add to present income and show you are most efficient. A wise adviser can help you become more successful. See to it that you keep cool in the face of any emergency that may arise.

MOON CHILDREN (June 22 to July 21) Plan just what you can do to make yourself more dynamic and charming. You are undecided whether to attend a social affair to which you are invited, but it is best to say you are busy. Avoid some possible argument.

LEO (July 22 to Aug. 21) You have to concentrate on what is facing you and on how best to handle duties and problems, then you can carry through efficiently. Get the information you need from others. Try to establish more harmony between yourself and mate.

VIRGO (Aug. 22 to Sept. 22) If you contact friends you like early you can plan for that social pleasure you want now and in the future. You can achieve that particular aim through interesting methods. Do not waste so much time.

LIBRA (Sept. 23 to Oct. 22) You can get into all those business matters now that you have been neglecting, or which are important, and make big headway in the commercial world. Go directly to bigwigs. Don't worry about that civic matter—it will work out all right.

SCORPIO (Oct. 23 to Nov. 21) Figure out angles to use so you can achieve the aims that mean a good deal to you and be well prepared to take action tomorrow. Listen to a new contact you don't really like, but who has the data you want. Be happy with mate.

SAGITTARIUS (Nov. 22 to Dec. 21) Make a plan of campaign that will help you rid yourself of obligations at hand most efficiently. After a good day's work be sure you please mate. Find the proper mental meeting ground, though views may differ from yours.

Speaking of YOUR HEALTH...

by LESTER L. COLEMAN, M.D.

A few weeks after my last "Pap" test, I received a note from the nurse asking me to contact her immediately.

I was frightened, and had already resigned myself to death before I made that telephone call.

With relief, I finally learned that I had a "trichomonas" condition that caused a vaginal discharge.

My husband and I were then given pills for our social disease. Can you tell us more about this condition, and why the husband is involved?

Mrs. L.J.S., Fla.

Dear Mrs. S.:

There are very specific aspects of this letter that intrigue me and unfold some of the aspects of the practice of medicine that need to be remedied.

The nurse should have called you rather than have written to you. Her letter rightfully induced the unnecessary anxiety that so obviously distressed you.

A reassuring call from her would have spared you the palpitating concern associated with such a message.

The "Pap," or Papanicolaou, test is a smear of the lining of the vagina and the cervix of the uterus.

The Pap test is basically used to detect early cancer cells. Thousands of women are now alive and stand as testimonial to the brilliance of the test devised by the famous Dr. Papanicolaou.

I am sure you are being facetious when you refer to a trichomonas infection as a "social disease."

You should have been told that it does not have any implication of a venereal condition.

It is caused by a protozoan, trichomonas vaginalis, which is responsible for most cases of persistent vaginal discharge.

The drugs now used are effective in the control of the condition.

For many years the husbands were overlooked as possible carriers of the trichomonas. The result was that their wives were constantly being reinfected.

Today treatment is devoted to both the husband and the wife to destroy the protozoan that causes this distressing, but not serious condition.

20) You can make new arrangements with associates that will bring good results in the future. Know exactly where you are progressing where you are headed. Mate is in an argumentative mood. Don't take the bait. Keep calm.

AQUARIUS (Jan. 21 to Feb. 19) Get busy at all the work that needs to be done instead of just what you want to do, and then you please higher-ups, co-workers. Use novel ideas that will make you look more delightful. Don't try to copy others, but have own individuality.

PISCES (Feb. 20 to Mar. 20) After you have done important work, you need to go out for amusement to relieve anxieties and boredom, and to be with one you love. Perfecting some hobby with good friends is also good. The evening can be very amusing.

IF YOUR CHILD IS BORN TODAY... he or she will be one of those delightful young people who will at times be very introverted and at other times be such an extrovert that few can keep up, so be sure to give the right ethical and spiritual training that will bring about a fine balance. Make it possible for this child to learn various languages, philosophies, since most of the success here will come from work in, or with, different countries in imports, exports, or politics.

The Business World

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — While the past year has been one of financial progress for both management and labor, the big increases in corporate profits that are now being reported are producing irritation and embarrassment for executives.

They are embarrassed because the percentage increases are so great. It now appears likely that the increase for 1972 over 1971 will be about 15 percent. And there is the likelihood of a repeat in 1973.

While corporate officials concede these figures are high, they are irritated by the failure

of casual readers to recall the reason why: 1971 profits were depressingly low.

They are indignant also that labor leaders are inclined to seize on those percentages without explaining that what appears to be a mountain of profits has its base in a very deep ravine — that is, in the recession of 1971.

Actually, they add, profits should be even higher if they are to return to more "normal" levels and if industry is to attract the investment capital needed for expansion.

Price Commission regulations, however, may prevent that occurrence, although some changes might be forthcoming in Phase III, if there is one.

As of now, profit margins must be kept to the average of the best two of the years 1968-1969-1970. But, as the corporate officials note, that was a period of poor earnings. Many of them want the base period revised.

If profits rise 15 percent this year, the corporate defenders say, it will merely bring them back to where they were in 1968, when the gross national product, or total of goods and services produced, was considerably smaller.

Dr. Albert H. Cox Jr., a former Nixon administration economist and now executive vice president of Lionel D. Edie & Co., as well as senior adviser economic to Merrill Lynch, would like to see the Phase II base period changed.

If it were pushed back to include 1966 and 1967, he observes, it would then permit corporations to use two more rewarding years as the base for measuring permissible profit margins.

Although some industries, such as airlines and aircraft products, have a long way to go before reaching their profit margin limits, others, such as pharmaceuticals and furniture are already pressing against the lid.

There is expected to be rising pressure, therefore, for a revision of price limitations this spring. And you may be certain there will be a heated rebuttal from critics who claim profits already are too high.

TODAY In History

Views On TV - Radio

By JAY SHARBUTT
AP Television Writer

NEW YORK (AP) — Mr. and Mrs. Alan Abel don't raise much Cain. They live quietly on Manhattan's West Side. Occasionally, they notify television and newspaper assignment editors about something.

It is at this point things begin to stir. You may recall reading or seeing reports in 1964 and 1968 about the Best Party's presidential candidate, Mrs. Yetta Bronstein, whose slogan was: "Put a Mother in the White House." Mrs. Bronstein really was Mrs. Abel.

In 1959, her husband, using his own name, stirred up much coverage of his vigorous campaign to clothe naked animals. He headed the Society for Innocence to Animals and appeared on many television talk shows.

Some 10 years later, his campaign still was putting along. He appeared on "The Merv Griffin Show" and warned the audience: "A nude horse is a nude horse." Griffin knew it was a gag.

But a lot of people still don't, excluding assignment editors here who live in mortal fear of the next move from the Abels. The reason is that the moves have enough apparent truth to make them seem legitimate, albeit somewhat daft or bizarre.

But Abel considers the naked animal cover his best work: "I only had to have one little picture of a horse in Bermuda shorts and I could walk into any television show. They practically put me right on the air."

What started his life as a dedicated hoaxer?

"It's difficult to say," he mused. "I guess the key word is frustration. I originally was a performer and not getting anywhere. I found out that if you were a little eccentric or crazy you could attract attention. The Society gave me a platform of sorts."

The Abels' assorted campaigns occasionally result in unsolicited public donations. He sends them all back, but says the Internal Revenue Service has checked his books seven times in the last 10 years.

This, he said, "is because they probably think I've been stealing Lord knows how many thousands of dollars in donations. So I've been suing to make them let me examine their books and records."

A federal judge in Los Angeles dismissed the suit as "frivolous," but Abel said he may appeal the judges' ruling.

Dying Hell's Angel Slates Testimony

RICHMOND, Calif. (AP)—Because a key witness is dying of throat cancer, a judge has set a speedy hearing in the murders of two men whose bodies were unearthed at a reputed Hell's Angels burial ground in Ukiah.

Judge David Calfee also said Monday it may be necessary for a court-appointed lip reader to interpret the testimony of William "Whispering Bill" Pifer, 41, a former Hell's Angel whom deputies credit with leading them to the makeshift graves three weeks ago.

Attorneys for both sides have agreed that Pifer's testimony in preliminary hearings would be admissible at the trial if he died before it begins.

Dear Abby: By Abigail Van Buren

A Happy Marriage But No Children

DEAR ABBY: My husband and I have been happily married for 25 years, and he is the dearest thing on this earth to me. I have tried in every way to be a good wife, but I failed him in the most important way of all. For some mysterious reason I have not been able to give him children.

I was never able to get him to consider adoption. He hasn't complained, but I can see the hurt in his eyes when he sees his friends with their children and grandchildren, and my heart aches so.

What can I do to make it up to him?

HURTING
DEAR HURTING: If you've had a good marriage (and you obviously have,) what is there to "make up?" Don't assume that YOU weren't able to give HIM children. (Perhaps HE wasn't able to give YOU children.) It's history now, so stop grieving for something you never had. God in his infinite wisdom gives and withholds both happiness and tragedy. Accept His decision, and don't question it.

DEAR ABBY: You are the only person I feel I can ask this question. I have reasons to believe our 9-year-old son may be ahead of himself in his sexual development.

Please don't think I have a dirty attitude about sex, because I haven't. My question: Can lightly tickling a boy's neck, arms and legs arouse him sexually? From what I have observed I think it can and it disturbs me.

A relative (a maiden lady of 55) delights in tickling our boy whenever she is near him. He seems to enjoy it immensely as he sits close to her whenever she is here, probably anticipating it. She makes a kind of game or joke of it.

I don't approve of exciting (consciously or otherwise) a young boy in this manner, and for a reason I won't mention here, I think that is what is happening.

Can this actually happen to a normal boy, age 9? If I am on the wrong track, please tell me. I don't want to make a fool of myself. Please tell me what you know about this sort of thing. Thank you.

CONCERNED MOTHER
DEAR MOTHER: Your concern is well founded. Sexual responses are not uncommon in 9-year-old boys (and younger). I advise you to tell your relative to keep her hands to herself. And if she doesn't understand why, be more specific.

DEAR ABBY: I have been married for eight years to a man who is nearly perfect.

'Licious!

Mashed potatoes made with MILNOT—instead of milk. Downright delicious! MILNOT adds a special goodness to mashed potatoes you'll want to add to your whole meal. Try it. (And by the way, add a couple of tablespoons of MILNOT to that gravy. Mmmmm that's good eating!)

If cows could they'd give MILNOT

a blend of fat-free milk and pure vegetable oil

He's a good provider, a wonderful father and an excellent lover, but he positively refuses to go out in public with me.

He has no reason to be ashamed of me. After three children I still wear a size 10. I'm no raving beauty, but I keep myself looking nice and wear clothes well.

I am at a loss to know why he refuses to take me to dinner or a show in the past three years. He used to take me out for dinner twice a year—on our anniversary and Christmas, but no more.

The children and I always go alone, on vacations, to church, visiting, whatever.

Abby, what could be wrong? The only time we ever spend together is in bed. But that's not enough. He's a fine looking man and I would be so proud to be seen with him, but no amount of teasing, begging or nagging will move him.

Any help you can give me on this problem will be appreciated. Or should I just give up and keep quiet?

SOMETHING MISSING

DEAR SOMETHING: Something is missing all right. An explanation from your husband. It's almost as though he were "hiding" from someone. If I were you, I would not give up, neither would I keep quiet.

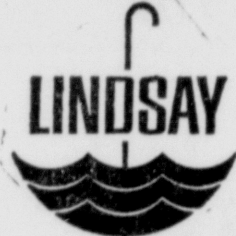

TO "CONFIDENTIALLY": Your daughter is over 21 and shouldn't need parental consent to go on a skiing trip with a group of her friends. Don't assume that everyone who goes skiing is necessarily "he-ing" and "she-ing."

Problems? Trust Abby. For a personal reply, write to ABBY, BOX 69700, L.A., CALIF. 90069 and enclose a stamped, addressed envelope.

HONOLULU (AP)—Elvis Presley says he will steer clear of ideological promotions on a worldwide television concert he plans to originate from Honolulu Jan. 14.

"I won't try to push any messages or anything," he told newsmen Monday. "I'll just offer good entertainment."

Miss Martha Timmons Is Engaged To Jerry Smith

MISS MARTHA DIANNE TIMMONS

December 15 is the date selected by Miss Martha Dianne Timmons and Mr. Jerry Lee Smith for their wedding.

Church Class Holds Session

Willing Workers Class of Pontious United Methodist Church held its November meeting in the home of Mrs. Paul Barnhart, near Canal Winchester.

The meeting was opened with devotions presented by Edna Valentine and scripture from the 24th chapter of Isaiah. She read several articles, including "Borrowed" and "Hog Town." An article about a two-letter word, up, being used many times when unnecessary was presented by Mary Richards. A poem by Marguerite Steverson, "My God I Thank Thee" and a prayer by Edwina Holderman ended that portion of the assembly.

Officers were named for the coming year and lunch was served at a table bearing a centerpiece of fruit and vegetables.

Next meeting will be a dinner at the home of Jo Ann Bowman and will include a small gift exchange.

Fun Sale Is Held By Club

A white elephant sale was the feature event of a recent Fellowship of the Church of the Brethren.

The meeting, hosted by Arietta McNeal, included a luncheon for the eleven members and two guests. Acting as auctioneer for the sale was Mrs. Kathryn Severs.

The business meeting was conducted by the president, Mrs. Beatrice Dowden. Reports from the secretary and treasurer were read and approved.

Closing the meeting was a benediction recited by all the fellowship.

Members will next gather for a Christmas party at the church.

Eastern Star Meets

The Order of Eastern Star will meet 8 p.m. Tuesday in the Masonic Temple.

The meeting will feature presentation of 50-year pins.

Homemakers Plan Holiday Open House

"Happiness is a Homespun Christmas" is the theme of the Pickaway County Extension Homemakers Christmas Open House on Dec. 4, beginning at the 4-H and Grange Building.

Everyone is invited to enjoy the sights and sounds of Christmas as each homemaker's club demonstrates ideas for the holidays such as Raggedy Ann dolls, fondue, tree ornaments, crocheted beads, and wreaths.

Other demonstrations will include candy making by Mrs. Paul Drummond, holiday breads by Mrs. Jerry Wolford, and a homespun style show.

Music will be provided by the Sound of Action. Bazaar items will be sold during the evening.

This program is open to anyone who wishes to come and browse or stay for the entire evening. Door prizes will be given.

Bride-To-Be Is Honored Shower Guest

Miss Benny Luna, bride-elect of Mr. Edwin Peters, was honored Sunday afternoon at a bridal shower hosted by Mrs. Fred Goeglein and Mrs. Jack Wise in Circleville.

Miss Luna, a former Circleville resident, is now of Chagrin Falls, Ohio.

The refreshment table was decorated in colors of yellow and rust and a centerpiece of yellow and bronze baby chrysanthemums.

Attending were: Mrs. W. E. Clark, Mrs. Grace McArron, Miss Marie Wilkin, Mrs. Richard Hill, Kathy and Sandy, Mrs. Ronald McPherson, Mrs. Don Clark, Mrs. Robert E. Peck.

Mrs. William Hoffman Jr., Mrs. Bruce Clark, Mrs. Robert Clark, Mrs. Herman Fausnaugh Jr., Mrs. Carl Zehner, Miss Carol Wylie, Mrs. Paul Butz, Mrs. Jim Peters, Sheryl and Cindy.

Sending gifts were Mrs. Grover Wilkin, Mrs. George Kline and daughters, Mrs. Douglas Smith, Mrs. Jeff Wise, Mrs. Edwin Bach Jr., and Mrs. Kenneth Luna.

Federal Election Law Changes Urged By Keating

CINCINNATI, Ohio (AP) — Legislation which would considerably alter voting procedures in American federal elections is being prepared by U. S. Rep. William J. Keating, the Ohio Republican's office said Tuesday.

A spokesman for Keating said the legislation, which will be introduced when Congress convenes in January, would:

— Declare election day a national holiday, a move designed to encourage a higher voter turnout.

— Move election day up 30 days to the Tuesday after the first Monday in October.

— Institute uniform voting hours in the continental United States, so that polls would close at the same time on east and west coasts.

Latest estimates are that 40 to 60 California condors are alive, which places the species among the rarest birds in the world.

Historical Society Has Program On Ol' Kentucky

An insight to old Kentucky was offered to Pickaway County Historical Society members last Thursday.

Speaker at the regular November meeting was L. K. Patton, of Newport, Ky., a descendant of Johnny Appleseed and student of his home state's history.

Patton told of the plans to remove the national capital to Western Kentucky during the War of 1812; of an area which has a Kentucky postoffice, but is not in Kentucky; of a Kentucky state route only one block long and that state's connection with McGuffey's readers.

A collection of rare books, presidential letters and photographs and historical documents were displayed by Patton at the meeting. The speaker is currently writing a book on his state which is to be published in February, 1973.

The Pickaway County Society welcomed guests from Fayette County Historical Society.

Business preceded the program, with Ralph Woolver, president, in charge. New members and life members were listed by Mr. O. E. Barr and profit of the Pumpkin Show Country Store was announced by Mrs. Rosemary Dunkle.

Miss Dhel Renick told members of recent acquisitions of the Society.

Copies of the Van Cleef histories are still available, according to Mrs. Don Miller. She presented a report of the books sales.

A booklet, "A Brief History of Pickaway County", has been published by the Society and is for sale. Miss Nelle Oesterle noted that the booklet was made possible by the efforts of the late Dr. Ralph Lane of Washington D. C.

A nominating committee consisting of Dr. W. L. Sprouse, Robert Johnson and Wallace Higgins was named.

Refreshments were served following the program by Mrs. Kermit Dountz, Mrs. Wilbur Warner and Mrs. Earl Wilson.

Next meeting planned is the annual dinner meeting to be held at the Community United Methodist Church on Jan. 18.

Construction Costs For Seaway Studied

DETROIT (AP) — Construction costs on the St. Lawrence Seaway might be the major obstacle to having year-round shipping on the Great Lakes, according to a University of Wisconsin professor scheduled to speak at a Winter Navigation Board seminar next month.

Eric Schenker, professor of economics and associate director of the Center for Great Lakes Studies at U-W said in a paper to be read at the Dec. 5-6 seminar that construction costs on the seaway alone for a six-week extension would cost \$144 million-five times the cost of a two-week extension and twice the cost of a four-week one.

Turner said he was just walking in the woods near his home Monday when a young deer came up and licked his hand.

Deer Finds Hunter In New York Woods

HORNELL, N.Y. (AP) — Not many hunters found their prey as deer season opened here, but 19-year-old Robert Turner of nearby Hornellsville, was one of the lucky few. A deer found him.

Turner said he was just walking in the woods near his home Monday when a young deer came up and licked his hand.

C&SOE Given Permit To Build 2 New Stations

COLUMBUS, Ohio (AP) — The Environmental Protection Agency Tuesday granted its first permits to a utility under the state's new environmental protection laws.

The Columbus and Southern Electric Co. was given the go-ahead to build two new generating stations at its Conesville facility in Knox County.

The firm promised to meet the state's regulation on sulphur dioxide emissions, EPA director Ira Whitman said. The stations would emit 21,000 pounds of sulphur dioxide an hour without proper anti-pollution devices, Whitman said.

Whitman's office said the permits could boost demand for Ohio coal, which is high in sulphur dioxide. The stations, he said, will control emissions within that allowed by state and federal regulations.

Freezer Thief Gets Cold Cash

MIAMI BEACH, Fla. (AP) — Old Mother Hubbard has nothing on Lewis Lesser.

He told police he'd moved out of his apartment recently, but it wasn't until he next day he remembered he'd hidden \$500 in the freezer.

He raced back to his old residence, but when he got there, the freezer was bare.

Police are investigating.

Data Processing Purchases Probed

CLEVELAND, Ohio (AP) — A Cuyahoga County prosecutor's office investigation has discovered questionable purchasing practices in the county data processing center, county prosecutor's aides reported.

John L. Dowling, assistant prosecutor, said the purchases date back to the time Mayor Ralph Perk presided over the center as county auditor and that the practices might constitute violation of state law.

Church Class Holds Session

Willing Workers Class of Pontious United Methodist Church held its November meeting in the home of Mrs. Paul Barnhart, near Canal Winchester.

The meeting was opened with devotions presented by Edna Valentine and scripture from the 24th chapter of Isaiah. She read several articles, including "Borrowed" and "Hog Town."

An article about a two-letter word, up, being used many times when unnecessary was presented by Mary Richards. A poem by Marguerite Stevison, "My God I Thank Thee" and a prayer by Edwina Holderman ended that portion of the assembly.

Officers were named for the coming year and lunch was served at a table bearing a centerpiece of fruit and vegetables.

Next meeting will be a dinner at the home of Jo Ann Bowman and will include a small gift exchange.

Fun Sale Is Held By Club

A white elephant sale was the feature event of a recent Fellowship of the Church of the Brethren.

The meeting, hosted by Arietta McNeal, included a luncheon for the eleven members and two guests. Acting as auctioneer for the sale was Mrs. Kathryn Seever.

The business meeting was conducted by the president, Mrs. Beatrice Dowden. Reports from the secretary and treasurer were read and approved.

Closing the meeting was a benediction recited by all the fellowship.

Members will next gather for a Christmas party at the church.

Eastern Star Meets

The Order of Eastern Star will meet 8 p.m. Tuesday in the Masonic Temple.

The meeting will feature presentation of 50-year pins.

Homemakers Plan Holiday Open House

"Happiness is a Homespun Christmas" is the theme of the Pickaway County Extension Homemakers Christmas Open House on Dec. 4, beginning at the 4-H and Grange Building.

Everyone is invited to enjoy the sights and sounds of Christmas as each homemaker's club demonstrates ideas for the holidays such as Raggedy Ann dolls, fondue, tree ornaments, crocheted beads, and wreaths.

Other demonstrations will include candy making by Mrs. Paul Drummond, holiday breads by Mrs. Jerry Wolford, and a homespun style show.

Music will be provided by the Sound of Action. Bazaar items will be sold during the evening.

This program is open to anyone who wishes to come and browse or stay for the entire evening. Door prizes will be given.

Mrs. Westwood May Quit; Demo Party Struggle Seen

WASHINGTON (AP) — The chairman of the Democratic National Committee has cleared the way for her possible resignation, and there are indications the struggle for party leadership is becoming a two-man battle.

Jean Westwood, who has run the party machinery since George McGovern picked her for the job last July, indicated Monday she may reverse her earlier stand and voluntarily step down.

"My own future," she said in a statement issued by her office, "is subordinate to considerations about the future of the party."

The five-paragraph statement contained no reference to her previous insistence that she would resist efforts to oust her at the Dec. 9 meeting of the Democratic National Committee.

The two men who appear to be emerging as principal contenders for chairman are former party treasurer Robert Strauss of Texas and George Mitchell of Portland, Maine, who directed Sen. Edmund S.

Muskie's unsuccessful bid for the Democratic presidential nomination.

Working on behalf of Strauss have been close associates of Sens. Henry M. Jackson of Washington and Hubert H. Humphrey of Minnesota and AFL-CIO officials.

Mrs. Westwood "has a very warm feeling toward George Mitchell," said John English, general counsel at the DNC and a former Muskie strategist.

"He's the kind of a fellow who would carry on in the fashion

she would like. He is highly acceptable."

Alabama Gov. George C. Wallace made a move Monday to influence the future makeup of the party organization. His campaign organization announced it is opening a temporary office in Washington in preparation for the December meeting of the DNC.

"We are seeking to place as many people on the national committee whose thinking is in tune with the people as we possibly can," said Charles Snider, national director of the Wallace campaign.

Presidential Thanksgiving Proclamation Text Released

WASHINGTON (AP)—The text of President Nixon's Thanksgiving Day proclamation follows:

**THE WHITE HOUSE
THANKSGIVING DAY, 1972
BY THE PRESIDENT OF THE
UNITED STATES OF AMERICA
A PROCLAMATION**

When the first settlers gathered to offer their thanks to the God who had protected them on the edge of a wilderness, they established anew on American shores a Thanksgiving tradition as old as Western man himself. From Moses at the Red Sea to Jesus preparing to feed the multitudes, the Scriptures summon us to words and deeds of gratitude, even before divine blessing are fully perceived. From Washington kneeling at Valley Forge to the prayer of an astronaut circling the moon, our own history repeats that summons and proves its practicality.

Today, in an age of too much fashionable despair, the world more than ever needs to hear

America's perennial harvest message: "Take heart! Give thanks! To see clearly about us is to rejoice; and to rejoice is to worship the Father; and to worship Him is to receive more blessings still."

At this Thanksgiving time our country can look back with special gratitude across the events of a year which has brought more progress toward lasting peace than any other year for a generation past; and we can look forward with trust in Divine Providence toward the opportunities which peace will bring.

Truly our cup runs over with the bounty of God—our lives, our liberties, and our loved ones; or worldly goods and our spiritual heritage; the beauty of our land, the breadth of our horizons, and the promise of peace that crowns it all. For all of this, let us now humbly give thanks.

Now, Therefore, I, Richard Nixon, President of the United States of America, in consonance with Section 6103 of Title 5 of the United States Code designating the fourth Thursday of November in each year as Thanksgiving Day, do hereby proclaim Thursday, November 23, 1972, as a day of national thanksgiving. I call upon all Americans to assemble in homes and places of worship on this day, to join in offering gratitude for the countless blessings our people enjoy, and to embrace the elderly and less fortunate as special celebrants of the day's events, loving them as we have been loved.

In Witness Whereof, I have hereunto set my hand this seventeenth day of November, in the year of our Lord nineteen hundred seventy-two and of the States of America the one hundred ninety-seventh.

Indict Man For Murder

AKRON, Ohio (AP)—The Summit County grand jury has indicted Larry Joseph Via on a charge of first-degree murder in the slaying of an Ohio University coed.

Via, 28, a traveling musician from Rich Creek, Va., was charged in the indictment returned Monday with killing Jane Maguire, 19, of Washington, Pa. She was found shot to death Sept. 22 at a rest stop north of Akron.

Via, also known as Jody Coltrain, was arrested by FBI agents in Cleveland Nov. 8 on a federal warrant charging unlawful flight to avoid prosecution for murder.

Common Pleas Court Judge Claude V. D. Emmons set his arraignment on the murder charge for Dec. 1.

Gratefully WE CELEBRATE Thanksgiving

Let's not forget the real meaning of Thanksgiving . . . Thanksgiving is a holiday; it is a day for traditional dinners and family fellowship. It is all these things and many more, but most important it is an exclusively American holiday that was created to give thanks to the Lord for all the wonderful things that we take for granted in this great country. This is the real Thanksgiving that means so much, so let us all remember to say "Thanks" as we enjoy the day. If we do, the day will be even more enjoyable.

Now, Therefore, I, Richard Nixon, President of the United States of America, in consonance with Section 6103 of Title 5 of the United States Code designating the fourth Thursday of November in each year as Thanksgiving Day, do hereby proclaim Thursday, November 23, 1972, as a day of national thanksgiving. I call upon all Americans to assemble in homes and places of worship on this day, to join in offering gratitude for the countless blessings our people enjoy, and to embrace the elderly and less fortunate as special celebrants of the day's events, loving them as we have been loved.

In Witness Whereof, I have hereunto set my hand this seventeenth day of November, in the year of our Lord nineteen hundred seventy-two and of the States of America the one hundred ninety-seven.

Indict Man For Murder

AKRON, Ohio (AP)—The Summit County grand jury has indicted Larry Joseph Via on a charge of first-degree murder in the slaying of an Ohio University coed.

Via, 28, a traveling musician from Rich Creek, Va., was charged in the indictment returned Monday with killing Jane Maguire, 19, of Washington, Pa. She was found shot to death Sept. 22 at a rest stop north of Akron.

Via, also known as Jody Coltrain, was arrested by FBI agents in Cleveland Nov. 8 on a federal warrant charging unlawful flight to avoid prosecution for murder.

Common Pleas Court Judge Claude V. D. Emmons set his arraignment on the murder charge for Dec. 1.

Gratefully WE CELEBRATE
Thanksgiving

Let's not forget the real meaning of Thanksgiving... Thanksgiving is a holiday; it is a day for traditional dinners and family fellowship. It is all these things and many more, but most important it is an exclusively American holiday that was created to give thanks to the Lord for all the wonderful things that we take for granted in this great country. This is the real Thanksgiving that means so much, so let us all remember to say "Thanks" as we enjoy the day. If we do, the day will be even more enjoyable.

Elks Lose Tax Break In Oregon

PORTLAND, Ore. (AP) — Oregon governments may begin collecting taxes on property owned by fraternal groups with restrictions on membership because of a federal court decision.

State officials estimate that as much as \$2.3 million a year in taxes is involved. A three-judge panel ruled Monday that the Oregon Department of Revenue cannot allow the Elks an exemption without violating the equal protection clause of the Fourteenth Amendment to the U.S. Constitution.

Clifford McGloten, a 26-year-old former Reed College teaching intern, and 33-year-old Michael Falkenstein, a juvenile court counselor, brought class action with the help of the American Civil Liberties Union. In 1970, Elks Lodge No. 142 in Portland rejected McGloten as a member when he was put forward by Ken Keller, a Portland lawyer and then a member of the lodge, at Falkenstein's urging. McGloten is black.

"By granting these exemptions, Oregon has placed its stamp of approval on the discriminatory policies of the Elks Lodge," the court said.

Man Gives Self Up After Farewell Party

LOS ANGELES (AP) — Before John R. Cayetano surrendered on charges of bank robbery, his friends and relatives gave him a going away party.

Cayetano, 31, was honored at a farewell dinner at his parents' East Los Angeles home after his family learned he was sought by authorities.

After dinner, Cayetano's brother, Fernando, telephoned the FBI and said his brother was ready to surrender.

Both Sides Troubled By Kelleys Island Strike

By JAMES STEVENSON
Associated Press Writer
KELLEYS ISLAND, Ohio (AP)—A monthlong strike on this small dot of land off the southwestern coastline of Lake Erie has cut a swath through the island almost as deep as the two miles of lake that separates it from the shore.

Tempers have flared to near violence. Gov. John J. Gilligan has been asked to intervene. Both sides accuse the other of gunplay and islanders punctuate their conversations with resigned admissions they don't really understand how it all began or why it continues.

Even on that point, the two sides don't agree.

The 12 striking workers say they walked out on strike over a legitimate grievance with the Kellstone, Inc., limestone quarry and that the quarry locked them out and hired strike-breakers to replace them.

Quarry officials, however,

maintain the walkout was illegal and that the "strikers" violated their contract.

The quarry workers have now joined the United Steel Workers Union and have taken their case to the National Labor Relations Board for settlement. They say the NLRB ruled in their favor. The quarry says it only agreed to hold a hearing.

"I just don't understand how it's happened," said striker Harry Willis. He said shots

were fired at pickets from the quarry Saturday night, and "this is getting out of hand. This is the 20th Century."

"It's been a terrible thing," said another islander, who said he's trying to remain neutral although "it's tough sometimes. I just don't know how it can be solved."

It is an unlikely spot for labor trouble. Kelleys Island sits atop the opening to Sandusky Bay, isolated much of the year by ice and turbulent water, and

the 175 permanent residents are a closely knit community.

There isn't much work on the island outside of the quarry.

which employs about 21 people in all. A few orchards and a little farming remain in what was primarily an agricultural and fishing economy years ago.

The population booms once a year during warm weather, when the "summer folks" come to spend a few weeks in rented cabins. But they are gone when winter closes in, the ferry stops running and the two-and-a-half miles of channel become a wall between Kelleys Island and the rest of the world.

Storms sweep out of the northeast, raking the island with chilling power, but the islanders have stayed.

"We've had these storms before," says one islander. "And we'll have them again."

Islanders estimate that about 70 to 80 per cent of the island's population now "is up over 60, you know, pretty old." The strike has divided that, too.

The strikers in general range in their 20s and 30s. Most of the people employed at the quarry now are in their 40s or up, and quarry manager John Gillespie said, "It's the older business people on the island who have done a considerable amount of work to keep the quarry open."

Cuba To Try Skyjackers On Variety Of Charges

WASHINGTON (AP) — Three men who hijacked a Southern Airways jet to Cuba nine days ago will be tried in Havana on various charges, including extortion, according to word reaching the State Department.

U.S. officials said the hijackers violated Cuban law when they threatened to blow up the plane if authorities at Jose Marti airport refused a demand to refuel the craft.

The incident occurred during the first of two visits to Havana by the hijacked plane in the 29-hour odyssey involving 30 passengers and four crew members. It was after the return trip to Havana that the three hijackers—identified as Henry Jackson, 25, Lewis Moore, 27, and Melvin Cale, 21—were taken into custody by Cuban authorities.

Discussing the latest developments in the case Monday, State Department spokesman Charles W. Bray said the Cuban decision to try the men does not necessarily mean rejection of a U.S. request for their extradition. He said it is not unprecedented for a coun-

try to try accused persons and then extradite them.

Bray said there has been no reply from Cuba on a U.S. request for extradition of four men charged in the Oct. 29 hijacking of an Eastern Air Lines plane. Three of the four also are charged with two counts of murder in connection with an abortive bank robbery in Arlington, Va.

Bray also reported that the Cuban government has responded favorably to a U.S. invitation to "engage in discussions which might lead to an agreement" to discourage the hijacking of airliners.

He announced that the Cuban government is "prepared to begin discussions soon through the good offices of the Swiss government," which handles U.S. interests in Cuba.

U.S. sources said the alleged threat by the hijackers to blow up the Southern Airways jet may have contributed to Cuba's favorable attitude toward negotiating an agreement. It is believed that this is the first such threat in any of the 87 hijacking incidents involving Cuba since they started in 1961.

GM Catalog Gets Change

CLEVELAND, Ohio (AP)—General Motors Corp. dealer catalogs are no longer advertising the competition, although a color blind customer might never have noticed the difference.

The original two-page layout in GM's Oldsmobile division 1973 catalog pictured a front end loader working in the background with a sleek 1973 Olds Delta 88 Royale two-door coupe in the foreground.

A second printing shows the same car in almost the same position sitting in front of another front end loader. But the first loader was yellow, and the second green.

Yellow machinery is manufactured by the Caterpillar Tractor Co., while the green loaders are built by the Terex division of GM.

An Oldsmobile spokesman admitted that the photo was changed because "someone thought it would be nice of feature another GM product rather than a leading competitor's." But he said a second printing was normal practice and that no pressure had been involved in the change.

Pheasant Population Suddenly Increases

BERNARDSTON, Mass. (AP) — The wild pheasant population of Franklin County in western Massachusetts is suddenly bigger.

Three hundred sixty of the birds were emancipated when 10 inches of snow crushed the roof of their brooder at the farm of Mr. and Mrs. Russell Sully.

The birds were worth \$1,290, the price game preserves and restaurants would have paid for them, Sully said.

By JOHN VAN GIESON

TALLAHASSEE, Fla. (AP) — Ellington Darden, a baby-faced Ph.D. with Mr. America's muscles, says the secret to a strong, healthy body is as clear as mud.

Darden, a Florida State University graduate student from Conroe, Tex., believes in exercising in a vat full of squishy mud.

"It's a pretty unique feeling,"

the 29-year-old Darden says. "I guess it's like the difference between drinking a glass of water and a thick milkshake."

With a Ph.D. in physical education from Florida State already in hand, Darden is studying for another doctoral degree in foods and nutrition. The 6-foot, 195-pound former college football tackle has won more than 100 trophies in weight lifting and body-building competitions.

Darden says he was introduced to mud exercises six years ago by Ed Key Jr., a football teammate at Baylor University in Waco, Tex. He used a five-by-six-foot tank full of mud in Key's backyard.

"After that initial workout I could really tell there was tremendous merit to this type of exercise regime," Darden said. "You can work many muscles it would be difficult to work otherwise."

Darden said he found the muscles by providing steady resistance throughout a series of exercises.

"It does get bothersome to get the mud off," he admitted. "That's the big drawback. There's no way you could get out of that stuff without a real good shower, but once you get it off it's very cleansing."

Darden says he hopes to have his own mud tank someday. In the meantime, he said he returns to Texas as often as he can to work out in Key's mud tank.

The winner of the college Mr. America title last April, Darden has been concentrating his energies lately on studying the relationship between conditioning and nutrition.

Darden said he once was "a victim of fad diets" but now believes that a normal, balanced diet, regular exercise — and playing in the mud — is the key to health and strength.

LI'L TOT TRAINER

"Li'l Tot" trainer is molded and finished in soft pastel colors. Comes with contoured kiddie safety seat that can be removed as the baby grows. Chromated tubular steel frame can be raised or lowered to adjust to a range of ages and sizes. Mounted on casters so baby can sit "in" or "out" of the seat. Remove casters and seat... it becomes the pre-schooler's first spring horse. Ideal for babies 6 months to three years.

**MILTON BRADLEY
SEANCE GAME**

Seance is a weird, new, talking game from Milton Bradley. Players attend a seance on the spooky mansion of their late Uncle Everett. Each needs \$20,000 dollars and a chance to get more. Uncle Everett's spirit voice awards them articles they have bid for and tells them what they are worth. Seance is the talking, fun game that never plays the same twice.

Hospital Gets \$3.1 Million

DELAWARE, Ohio (AP) — Delaware spinster Mary Grady left nearly \$3.1 million in her estate to be used for construction of a \$3.9 million wing to Jane Case Hospital here.

Miss Grady died seven years ago at the age of 96 and bequeathed her fortune to the Sisters of the Holy Cross of Mt. Carmel Hospital in Columbus, where she was a patient for 12 years before her death.

But the estate ended up in probate court, and on Sept. 18 the sisters forfeited their claim to the money in a ruling by Morrow County Probate Judge Gale Weller.

Jane Case Hospital officials say the name of the institution will be changed to Grady Memorial Hospital next month under provisions of the will and by court order.

The estate included more than \$2.6 million in stocks and securities and a farm worth \$293,751.

Disney Company Earnings Increase

NEW YORK (AP) — Walt Disney Productions reported today that the fiscal year ended Sept. 30 was the best in the company's history, with earnings increasing 51 per cent to \$40.3 million or \$2.90 a share.

Net income for the 1971 fiscal year was \$26.72 million or \$2.03 per share.

Disney reported that revenues for fiscal 1972 rose 90 per cent to \$328.8 million, compared with \$175.61 million in 1971.

Northwest Ohio Grid All-Stars Named

By GEORGE STRODE
Associated Press Sports Writer
COLUMBUS, Ohio (AP) — Charles Shuff, Mike Beier and Norm Neidermeier have earned the Ohio Northwestern District high school football coaching honors for 1972.

In The Associated Press selections, Shuff, who guided Fremont Ross to a 9-1 campaign and a share of the Buckeye Conference crown with Elyria, was named the Class AAA area coach of the year.

Beier, who turned in a 6-3 mark in his first year as head coach at Oregon Stritch, took the Class AA honors and Neidermeier, who guided Ottawa Hills to a 9-0 record, was No. 1 in Class A for the Northwestern District.

A district board of sports writers and broadcasters makes the annual selections.

Jim Harrell of Oregon Clay and Rob Lytle of Fremont Ross shared the Class AAA back of the year title while Bob Brudzinski of Fremont Ross was the Class AAA lineman of the year.

In CLASS AA, Tom Grine of Fostoria and Steve Kuehl of Lima Catholic split the back honors while Frank Hymore of Oregon Stritch was the No. 1 lineman.

In Class A, Mark Mullins of New London was the top area back and Randy Neu of Ada the leading lineman.

The 1972 AP Northwest District football all-stars:

Knicks Stop Trail Blazers; Win 108-80

By THE ASSOCIATED PRESS
"Let's face it," said Dave DeBusschere, "the Portland Trail Blazers are not the Boston Celtics. Portland tries to run like Boston, but the Celtics have stronger horses."

The New York Knicks' forward sized up the potential of both teams after an easy 108-80 National Basketball Association victory over the Trail Blazers Tuesday night.

While the Knicks were running over Portland, the Celtics' "horses" were also doing some running—with a 116-102 decision over the Milwaukee Bucks.

The Celtics' victory kept them in first place over the Knicks in the NBA's Atlantic Division, but not by much. The Celts, with a 15-2 record, lead the division by percentage points over the Knicks, who are 17-3.

In the other NBA games Tuesday night, it was: Baltimore 124, Buffalo 88; Kansas City-Omaha 101, Phoenix 96; Cleveland 98, Seattle 88; Chicago 113, Houston 105 and Detroit 113, Atlanta 110.

DeBusschere scored 25 points and Bill Bradley netted 22 to pace New York's easy triumph. The Knicks had it sewn up by the second period, when they bolted into a 48-31 lead with the help of rookie center John Gianelli.

Max Nichols, president of the Baseball Writers' Association of America with the Minneapolis Star, was the master of ceremonies at the 1972 Hall of Fame inductions at Cooperstown, N.Y.

Jon Matlack Named NL's Top Rookie

NEW YORK (AP) — Jon Matlack, who mastered a major league curve ball just last winter and used it to win 15 games for the New York Mets in the 1972 baseball season, today was named the National League's Rookie of the Year.

The 22-year-old southpaw was a runaway winner of the coveted award, receiving 19 out of a possible 24 votes from the Baseball Writers Association of America committee.

His landslide vote total was the most since Kenny Hubbs of the Chicago Cubs polled 19 after the 1962 season.

The writers distributed their remaining votes to catcher Dave Rader of the San Francisco Giants, who received four ballots, and New York Met outfielder John Milner, who got one.

Matlack was a pleasant surprise for the Mets, who needed a solid southpaw starter when Jerry Koosman came up with arm problems in spring training.

Matlack spent three seasons with the Mets' Triple-A farm team at Tidewater before coming up at the end of last season. He lost three games with the Mets in limited work, then pitched winter ball in Puerto Rico in an attempt to learn to control his curve.

Getting the opportunity to face major league hitting also improved his confidence. Matlack stepped right into the starting rotation and wound up the second highest winner on the staff behind ace Tom Seaver.

Matlack had a 15-10 record with a 2.32 earned run average, the best on the team and the fourth best in the league. The left-hander started 32 games, completed eight of them and pitched four shutouts.

Catcher Earl Williams of the Atlanta Braves won the award last year.

Tyler Is Selected Defensive Player

NEW YORK (AP) — "I've been trying to get two interceptions in one game all year," said rookie Buffalo safety Maurice Tyler, "and I finally did it."

He couldn't have done it at a more opportune time. He did it last Sunday against New England. The first one led to a touchdown and the second one, coming in the final seconds with the game tied, set up John Leybold's 45-yard field goal that carried the Bills past the Patriots 27-24. And in between Tyler made nine unassisted tackles and assisted on a 10th.

For his outstanding performance, Tyler was named today as The Associated Press Defensive Player of the Week in the National Football League.

Circleville Cagers Ready For Opener At Westfall

Circleville Coach John Lawhorn has four returning letterman as a nucleus of this year's 14-man squad which will open the 1972-73 season Saturday at Westfall.

Returning from last year's squad, which compiled a 14-6 record, are seniors Dave Truex, Dan Graham, Glen Gillespie and Greg Hoskins.

The Tigers have some big shoes to fill due to the graduation of the nonpareil Terry Morrison, Mr. Everything on a basketball floor, Don Valentine, Kent Wolfe, Mike Hamrick, Jim Neal, Randy Sprout, Dave Grigg and Dave Mehalick, who has moved.

"The 1972-73 season promises to be a challenging one, not only because of the tough schedule, but due to the fact we have lost several key players from last year's club," Coach Lawhorn stated.

"We lack experience at the guard positions and this will be one of the factors in our season. The potential is there but how fast some of these boys develop will be the deciding factor," Lawhorn commented.

Making up the 14-man Tiger team will be: Truex, 6-foot, 180 pounds, senior, forward; Graham, 6-foot-2, 165 pounds, senior, center; Hoskins, 6-foot-1, 155 pounds, senior, forward; Gillespie, 5-foot-10, 150 pounds, senior, guard; Steve Allen, 5-foot-9, 145 pounds, senior, guard; Tim Burns, 6-foot-1, 180 pounds, senior, forward; John Ankrom, 6-foot, 155 pounds, junior, forward; Rob Hunter, 5-foot-10, 165 pounds, junior, guard; Robin Martin, 5-foot-10, 130 pounds, junior, guard; Doug Radabaugh, 5-foot-9, 125 pounds, junior, guard; Kris Kline, 6-foot-2, 160 pounds, junior, center; Andy Rhoads, 5-foot-11, 160 pounds, junior, forward; Perry Hoskins, 5-foot-10, 135 pounds, sophomore, guard; Tod Hunter, 5-foot-8 1/2 pounds, sophomore, guard.

Truex and Graham will be the co-captains of the Tigers.

In a player profile of this year's squad, Coach Lawhorn analyzes the members as follows: Truex, defensive stopper, fine rebounder, key scorer, needs 374 points to become Circleville's all-time leading scorer; Graham, good rebounder, improved defense, will score, most improved player on last year's varsity, can play center or forward;

Greg Hoskins, good feeder who gets ball to open man, provides quickness inside and scoring punch; Gillespie, fine shooter who moves to the basket, applies defensive pressure; Ankrom, hard working, does a good job scoring, rebounding and defending; Kline, leading scorer on last year's reserves with a game average of 18.7, good jumper;

Tod Hunter, quick, good ball handler, can shoot; Burns, leadership qualities, good

outside shooter, great attitude; Allen, strong outside shooter, hard worker; Rhoads, fine jump shot, tireless worker; Rob Hunter, quick, good driver, strong defense; Radabaugh, scrappy, good ball handler, penetrates to basket; Martin, may be best shooter on the squad, hustler; Perry Hoskins, complete player, good natural ability, competitor.

GOOD shooting and bench strength should be the strong points of the Tiger squad. They will have 10 or 11 people capable of playing a lot of ball.

Lack of experience at some spots will be a weakness but playing time should help with some prime youngsters on hand.

The Tigers will be playing a strong schedule with most of the South Central Ohio League teams flooring good squads. Several out of league opponents are expected to furnish strong opposition, especially Teays Valley and Columbus Bishop Wehrle.

"The talk is that Washington C.H. and Miami Trace will be the teams to beat as they both should have veteran clubs. However, I feel that Hillsboro and Wilmington will be greatly improved and it should be a tight league race. We will have a good shot at the title as we

Last Saturday, in unbeaten and No. 1-rated Southern Cal's 10th game, Wood made 13 primary tackles and five assists and intercepted a pass in a 24-7 Pacific-8 Conference showdown against arch-rival UCLA.

Northwest Ohio Grid All-Stars Named

By GEORGE STRODE
Associated Press Sports Writer
COLUMBUS, Ohio (AP) — Charles Shuff, Mike Beier and Norm Neidermeier have earned the Ohio Northwestern District high school football coaching honors for 1972.

In The Associated Press selections, Shuff, who guided Fremont Ross to a 9-1 campaign and a share of the Buckeye Conference crown with Elyria, was named the Class AAA area coach of the year.

Beier, who turned in a 6-3 mark in his first year as head coach at Oregon Stritch, took the Class AA honors and Neidermeier, who guided Ottawa Hills to a 9-0 record, was No. 1 in Class A for the Northwestern District.

A district board of sports writers and broadcasters makes the annual selections.

Jim Harrell of Oregon Clay and Rob Lytle of Fremont Ross shared the Class AAA back of the year title while Bob Brudzinski of Fremont Ross was the Class AAA lineman of the year.

In CLASS AA, Tom Grine of Fostoria and Steve Kuehl of Lima Catholic split the back honors while Frank Hymore of Oregon Stritch was the No. 1 lineman.

In Class A, Mark Mullins of New London was the top area back and Randy Neu of Ada the leading lineman.

Catcher Earl Williams of the Atlanta Braves won the award last year.

Tyler Is Selected Defensive Player

NEW YORK (AP) — "I've been trying to get two interceptions in one game all year," said rookie Buffalo safety Maurice Tyler, "and I finally did it."

He couldn't have done it at a more opportune time. He did it last Sunday against New England. The first one led to a touchdown and the second one, coming in the final seconds with the game tied, set up John Leypoldt's 45-yard field goal that carried the Bills past the Patriots 27-24. And in between Tyler made nine unassisted tackles and assisted on a 10th.

For his outstanding performance, Tyler was named today as The Associated Press Defensive Player of the Week in the National Football League.

Circleville Cagers Ready For Opener At Westfall

Circleville Coach John Lawhorn has four returning letterman as a nucleus of this year's 14-man squad which will open the 1972-73 season Saturday at Westfall.

Returning from last year's squad, which compiled a 14-6 record, are seniors Dave Truex, Dan Graham, Glen Gillespie and Greg Hoskins.

The Tigers have some big shoes to fill due to the graduation of the nonpareil Terry Morrison, Mr. Everything on a basketball floor, Don Valentine, Kent Wolfe, Mike Hamrick, Jim Neal, Randy Sprout, Dave Grigg and Dave Mehalick, who has moved.

"The 1972-73 season promises to be a challenging one, not only because of the tough schedule, but due to the fact we have lost several key players from last year's club," Coach Lawhorn stated.

"We lack experience at the guard positions and this will be one of the factors in our season. The potential is there but how fast some of these boys develop will be the deciding factor," Lawhorn commented.

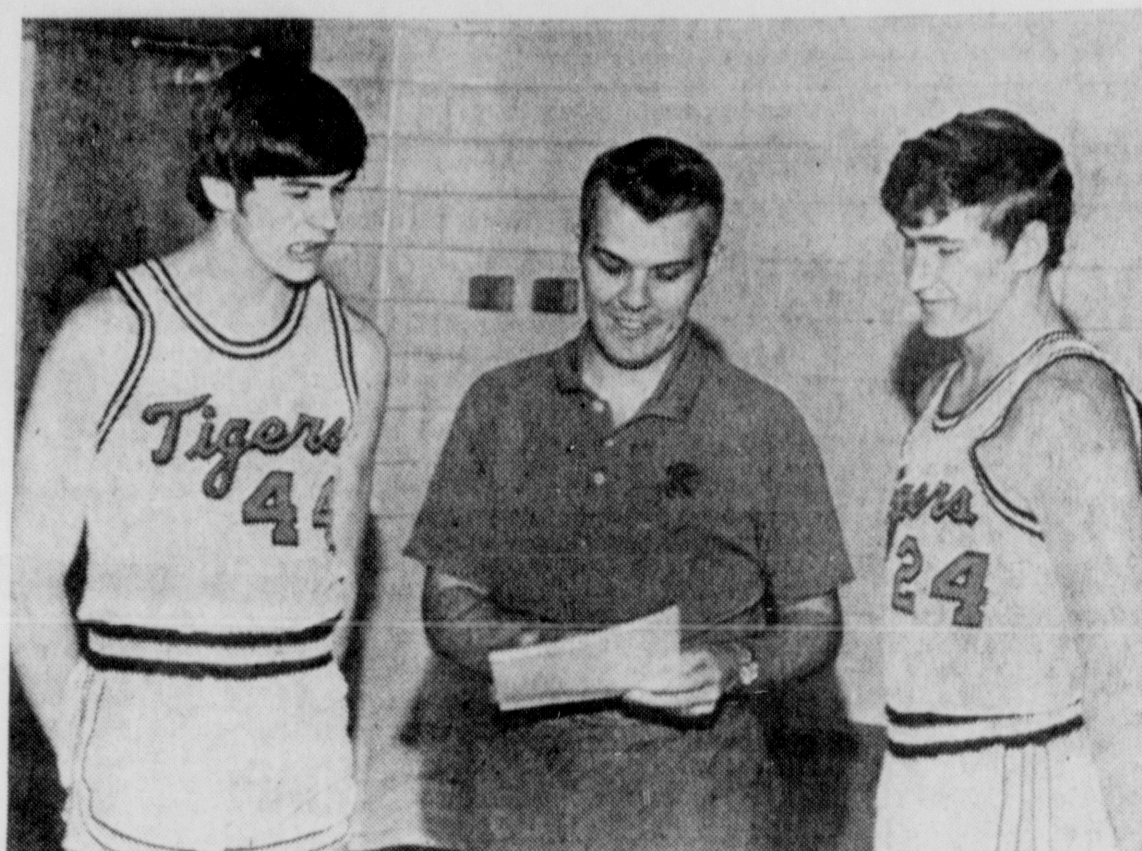

Making up the 14-man Tiger team will be: Truex, 6-foot, 180 pounds, senior, forward; Graham, 6-foot-2, 165 pounds, senior, center; Hoskins, 6-foot-1, 155 pounds, senior, forward; Gillespie, 5-foot-10, 150 pounds, senior, guard; Steve Allen, 5-foot-9, 145 pounds, senior, guard; Tim Burns, 6-foot-1, 180 pounds, senior, forward; John Ankrom, 6-foot, 155 pounds, junior, forward; Rob Hunter, 5-foot-10, 165 pounds, junior, guard; Robin Martin, 5-foot-10, 130 pounds, junior, guard; Doug Radabaugh, 5-foot-9, 125 pounds, junior, guard; Kris Kline, 6-foot-2, 160 pounds, junior, center; Andy Rhoads, 5-foot-11, 160 pounds, junior, forward; Perry Hoskins, 5-foot-10, 135 pounds, sophomore guard; Tod Hunter 5-foot-8 146 pounds, sophomore, guard.

Truex and Graham will be the co-captains of the Tigers.

In a player profile of this year's squad, Coach Lawhorn analyzes the members as follows: Truex, defensive stopper, fine rebounder, key scorer, needs 374 points to become Circleville's all-time leading scorer; Graham, good rebounder, improved defense, will score, most improved player on last year's varsity, can play center or forward;

Greg Hoskins, good feeder who gets ball to open man, provides quickness inside and scoring punch; Gillespie, fine shooter who moves to the basket, applies defensive pressure; Ankrom, hard working, does a good job scoring, rebounding and defending; Kline, leading scorer on last year's reserves with a game average of 18.7, good jumper;

Tod Hunter, quick, good ball handler, can shoot; Burns, leadership qualities, good

captains, Dan Graham (44) and Dave Truex (24). The Red and Black will open its season Friday night when the

outside shooter, great attitude; Allen, strong outside shooter, hard worker; Rhoads, fine jump shot, tireless worker; Rob Hunter, quick, good driver, strong defense; Radabaugh, scrappy, good ball handler, penetrates to basket; Martin, may be best shooter on the squad, hustler; Perry Hoskins, complete player, good natural ability, competitor.

GOOD shooting and bench strength should be the strong points of the Tiger squad. They will have 10 or 11 people capable of playing a lot of ball.

Lack of experience at some spots will be a weakness but playing time should help with some prime youngsters on hand.

The Tigers will be playing a strong schedule with most of the South Central Ohio League teams flooring good squads. Several out of league opponents are expected to furnish strong opposition, especially Teays Valley and Columbus Bishop Wehrle.

"The talk is that Washington C.H. and Miami Trace will be the teams to beat as they both should have veteran clubs. However, I feel that Hillsboro and Wilmington will be greatly improved and it should be a tight league race. We will have a good shot at the title as we

Wood Is Chosen

Top College Lineman

By HERSCHEL NISSENSON, Associated Press Sports Writer

If statistics tell the story, Richard Wood, Southern California's super sophomore line-backer, hasn't improved much since the start of the football season.

Last Saturday, in unbeaten and No. 1-rated Southern Cal's 10th game, Wood made 13 primary tackles and five assists and intercepted a pass in a 24-7 Pacific-8 Conference showdown against arch-rival UCLA.

For that performance against the 14th-ranked Bruins, the 6-foot-2, 218-pounder from Elizabeth, N.J., was named National Lineman of the Week by The Associated Press.

Tiger reserves who appear to have fine potential.

The reserve squad members are: David Bevan, Bruce Brudzinski, Bill Massie, Pat McNaughton, Tim McNaughton, Doug Palm, Frank Plescia, Harold Reed, Phil Roll, Riley Rose, Brad Spangler, John Stout and Randy Thomas.

Here is the complete Circleville schedule:

Cincinnati Reds Looking For Way To Boost Pitching

By BILL WINTER

Associated Press Sports Writer

CINCINNATI (AP) — The National League champion Cincinnati Reds are looking for pitchers but, having scant success, according to General Manager Bob Howsam

"Our club is looking to strengthen our pitching," Howsam told a news luncheon at Riverfront Stadium Tuesday.

"We've talked to some ball clubs," he said, "but I don't find too many clubs interested in trades."

Howsam noted the major league baseball winter meetings begin Sunday in Hawaii, and traditionally are fertile ground for player trades.

"I think there's some room for strengthening our starting pitching," Howsam said, "and that's what we're going to be looking for over in Hawaii."

The Reds had no standout starting pitcher in 1972, despite mounting a late season run-

way in the National League's Western Division.

Gary Nolan, ace of the Reds' young staff, roared to a 14-3 record before the All-Star break in midsummer, but won only one more game thereafter while fighting stiffness and pain in his shoulder and neck.

Don Gullett, a hard-throwing 21-year-old lefthander with great potential, suffered an attack of hepatitis early in the season and never fully recovered his strength.

Jack Billingham, who came to the Reds from Houston along with speedy second baseman Joe Morgan in a trade last winter, performed well in late season after a slow start, and finished with a 12-12 record.

Lefthander Ross Grimsley showed flashes of brilliance, but, at 22-years-old, is not counted on yet as a stopper.

Knicks Stop Trail Blazers; Win 108-80

By THE ASSOCIATED PRESS

"Let's face it," said Dave DeBusschere, "the Portland Trail Blazers are not the Boston Celtics. Portland tries to run like Boston, but the Celtics have stronger horses."

The New York Knicks' forward sized up the potential of both teams after an easy 108-80 National basketball Association victory over the Trail Blazers Tuesday night.

While the Knicks were running over Portland, the Celtics' "horses" were also doing some running—with a 116-102 decision over the Milwaukee Bucks.

The Celtics' victory kept them in first place over the Knicks in the NBA's Atlantic Division, but not by much. The Celts, with a 15-2 record, lead the division by percentage points over the Knicks, who are 17-3.

In the other NBA games Tuesday night, it was: Baltimore 124, Buffalo 88; Kansas City-Omaha 101, Phoenix 96; Cleveland 98, Seattle 88; Chicago 113, Houston 105 and Detroit 113, Atlanta 110.

DeBusschere scored 25 points and Bill Bradley netted 22 to pace New York's easy triumph. The Knicks had it sewn up by the second period, when they bolted into a 48-31 lead with the help of rookie center John Gianelli.

Max Nichols, president of the Baseball Writers' Association of America with the Minneapolis Star, was the master of ceremonies at the 1972 Hall of Fame inductions at Cooperstown, N. Y.

Two Tilts On Tap For Area Cagers

County basketball teams will face a curtailed slate this week with Teays Valley at Franklin Heights Friday night and Westfall hosting Circleville Saturday night being the only games on tap.

Logan Elm, getting off to a fine start with two straight wins, will not see action until Dec. 1 when the Braves travel to Unioto.

Coach Bob Hoover and his Vikings will open Metropolitan League play against the Falcons of Franklin Heights.

The Falcons are defending Metro champions but may have their work cut out for them due to graduation losses. It will be a rebuilding year for Heights but as always they should be formidable foes.

DESPITE dropping their opening tilt to Logan Elm, the Vikings are a solid club and considered one of the favorites for the Metro title.

The starting lineup for the Vikings will probably be: Jeff Anderson, 6-foot-2; Terry Lambert, 5-foot-9; Jim Logsdon, 6-foot-3; Craig Pontius, 5-foot-10

and Jerry Sabine, 5-foot-9.

Coach Jeff Bigam and his Mustangs will be looking for their first win of the season Saturday when they host the Tigers of Circleville.

The Scarlet and Gray dropped its first two outings to Madison Plains and Millersport. It will be the opening encounter for

Coach John Lawhorn's Tigers.

Failure to convert from the field and turnovers have plagued the Mustangs in their opening tilts but they have been working hard to correct the situation.

The opening lineup for Westfall will probably be: Marc Easterday, 6-foot-3; Ted Musselman, 5-foot-8; Mike Peterson, 6-foot-1; Joe Angles, 5-foot-11 and Jay Clark, 6-foot-3.

COLUMBUS, Ohio (AP)—Jack Lambert, Kent State's linebacking perfectionist, figured in 29 tackles and is the Mid-American Conference defensive football player of the week for the second straight time.

Pacers Edge Memphis; Win 121-120

By THE ASSOCIATED PRESS

George McGinnis only had a second but it was enough time to keep two years of momentum going for the Indiana Pacers over the Memphis Tams.

McGinnis hit a turn-around jump shot with time running out as the Pacers stopped Memphis Tuesday night 121-120 for the 13th straight time in the American Basketball Association.

Only four seconds before McGinnis' big shot, Warren Davis had scored a field goal for Memphis, giving the Tams hopes of breaking Indiana's long spell.

In the other ABA games Tuesday night, it was: Denver

106, Utah 100 and San Diego 105, Dallas 101.

Memphis had a five-point lead with 1:33 to play but Indiana's Freddie Lewis made a free throw, two three-pointers and a 14-foot jump shot to give the Pacers a 119-118 lead with

23 seconds left.

Then Davis put in a rebound shot with five seconds left before McGinnis came through with his game-winning field goal. The final shot gave the Indiana big man 42 points for the night.

Licking County Fraud Charged

COLUMBUS, Ohio (AP) — State examiners say a former Licking County employe wrote \$77,360 worth of phony veterans relief checks to himself and then cashed them.

State Auditor Joseph T. Ferguson's office has issued a finding for recovery for that amount against Glen R. Bla-

mer, 50, and his bonding company, Buckeye Union Insurance Co.

Blamer is a veteran serving on the Licking County Soldiers' Relief Commission. He is awaiting trial in Licking County Common Pleas Court on ten counts of fraud and one count of embezzlement.

Boosters Set Meeting

The Circleville Athletic Booster Club meeting will not be held tonight.

The next meeting will be Wednesday at the high school.

Larry Sherrer, a 1972 University of Hawaii graduate, holds the school's football rushing record of 1,129 yards in one season.

MIDWAY RAILROAD COMPANY
hereby gives notice that on the 24th day of October, 1972, it filed with the Interstate Commerce Commission at Washington, D. C., an application for a certificate of public convenience and necessity permitting abandonment of a line of railroad extending from the southern corporation line of Lockbourne, Ohio line, south and west a distance of 4.09 miles to the Piquette Electric Generating Station of Columbus and Southern Ohio Electric Company, such line being located in Franklin and Pickaway Counties, Ohio. The line for which the abandonment application has been filed includes no stations, of which line constitutes all of the lines owned by Midway Railroad Company. This application has been assigned Docket No. AB-62. In the opinion of the applicant, the requested Commission action will not significantly effect the quality of the human environment. The proceeding will be handled without public hearings unless protests are received which contain information indicating a need for such hearings. In accordance with the Commission's regulations (49 CFR 1100.250) in Ex Parte No. 55 (Sub-No. 4), Implementation-Nat'l Environmental Policy Act, 1969, 340 I.C.C. 451 (1972), any protests may include a statement indicating the presence or absence of any effect of the requested Commission action on the quality of the human environment. If any such effect is alleged to be present, the statement shall include information relating to the relevant factors set forth in Ex Parte No. 55 (Sub-No. 4), supra. Part (b)(1)-(3), 340 I.C.C. 451, 461. Any person opposed to this abandonment application should advise the Commission promptly, with an original and six copies, identifying the docket number, and send a copy to Mr. William G. Porter, Jr., 30 West Broad Street, Columbus, Ohio 43215. All protests submitted shall be filed with the Commission no later than December 1, 1972.

Disabled Workers Should File For Social Security

For those disabled workers who may need to apply for social security disability benefits, there is a way to insure faster action on a claim, according to Harry B. Bieber, social security district manager in Chillicothe.

Those disabled workers who file shortly after they become disabled and those who can furnish the needed information and proofs at the time they apply for benefits may save several weeks of processing time, he said.

According to Bieber, a worker may qualify for social security disability benefits if he meets certain work requirements and has a physical or mental disability which will prevent him from engaging in any substantial gainful activity for at least twelve months. Whenever a disabled worker thinks that he might meet these requirements he should make an immediate application for benefits. By applying early the

claimant may be assured of prompt action on his claim. Although it is true that social security does not pay a disabled worker for the first six full months of his disability, the worker should not wait six months before applying for benefits.

Another way to insure fast action on a claim for disability benefits is to come prepared to give all the necessary information when filing. The claimant should be able to list all of his or her recent medical hospitalizations, as well as give a description of all work activity for the past 15 years. Also, the worker may be requested to furnish proof of his age and the amount of earnings in the most recent year. If a worker has dependents, additional information will be required. Mr. Bieber suggested that anyone who is interested in applying for benefits telephone the Chillicothe Social Security Office for instructions as to exactly what he may need to apply. The telephone number is 775-4950. The office is open from 8:45 a.m. to 4:45 p.m., Monday through Friday, holidays excepted.

Tecumseh Portrait, Authentic Artillery Collected For Drama

Scioto Society has acquired three authentic artillery pieces for a battle scene in "Tecumseh!" which is set for a June, 1973 opening.

Rusty Mundell, executive vice president of the Society, returned Tuesday from a three day trip to Union City, Tenn., where he picked up the three guns, each measuring more than seven feet in length and weighing 600-700 pounds apiece.

"These are replicas cast of 1812 artillery pieces cast in the same mold," Mundell reported. He located them at the Dixie Gunworks Co. in Tennessee which specializes in antique firearms, having the armaments cast at a nearby foundry then assembling the pieces at the plant.

The guns are capable of firing 3-pound shots from their 40 inch barrels. They will be used to

fire rounds (without the ball) over the heads of the audience during the Battle of Tippecanoe depicted in "Tecumseh!"

Mundell also took the opportunity to purchase two horse pistols to be used in another encounter in the drama. All the arms are authentically produced.

Eighty percent of the work on the amphitheatre on Sugar Loaf Mountain has been completed now and the entire project should easily be finished before Christmas, according to Mundell.

The Scioto Society relieved John R. Merritt from the duties of general contractor for lack of performance. The Buckeye Union Insurance Co. of Columbus, holder of the performance bond, assumed responsibility and has hired two contractors.

Donald E. Huddleston, Inc. of Chillicothe has taken over general contracting work and Garwick and Ross, specialists in concrete work, are tending to repairing defects in the auditorium base.

Giant timbers for the rain shelter at the rear of the amphitheatre are being pre-assembled by Huddleston and will be set up soon.

The Society has also set up audition dates. Locally, Feb. 3 and 4 at the Holiday Inn north of Chillicothe, auditions will be held for technical staff, actors and actresses. All interested persons from a 200 mile area of the Scioto Valley are invited

to audition here.

In March, auditions will be held at the Southeastern Theatre Conference in Pensacola, Fla. and the Institute of Outdoor Drama at Chapel Hill, North Carolina.

No date has been set for Shawnee Indian auditions in Oklahoma.

GTE Adds Equipment At Laurelville

An addition of call-switching equipment to the Laurelville exchange is under way, General Telephone Co. of Ohio announced today.

Paul G. Diener, Circleville commercial manager, said the project is necessary to provide trunk groups between Laurelville and the toll center in Circleville.

The additional equipment will be used to access the direct distance dialing (DDD) equipment in the Circleville toll center. The conversion to DDD is scheduled for February, 1973," Diener noted.

Laurelville serves 963 telephones in a 106.3 square mile area of Hocking, Pickaway, Ross, and Vinton counties.

An official portrait of Tecumseh, designed from a tintype of the great chief's grandson, has been made. This picture will be reproduced on publicity and souvenir information.

"We believe this to be a most accurate resemblance of Tecumseh," Mundell said. "The Shawnee believed their chief would be reincarnated and with the birth of his grandson, they thought this had come true." The image of the grandson, which is said to be exactly that of his ancestor, has been copied and Shawnee headress added to create the portrait.

School Subsidy Payments Made

A report on state subsidy payments to local schools was received from State Auditor Joseph T. Ferguson, who notes an increase statewide, although none of the four schools in this county received any additional money.

Circleville City's payment amounted to \$66,920.11. Logan Elm Local's share of state funds for November was \$26,506.92.

Amounts received by Westfall totalled \$27,264.17 and by Teays Valley, \$39,068.04.

The monthly allotment to the Pickaway County Board of Education was \$4,316.67.

WESTFALL TOUR—Future Homemakers of America (FHA) toured Children's Hospital recently. The girls, students at Westfall High School, along with members in more than 400 FHA chapters in Ohio, are raising funds for Children's Hospital as one of their state-wide projects. All the groups are invited to tour the Hospital, one of the largest pediatric facilities in the country, to see how their contributions help. Chapters who are unable to

come to the Hospital have had representatives from Children's speak at their meetings. Last year FHA chapters throughout Ohio earned almost \$3,000 for Children's Hospital. Contributions such as this are used to help finance the cost of medical services for children whose parents cannot pay for all or part of the care. During 1971 Children's provided more than \$1 million of such care.

Disabled Workers Should File For Social Security

For those disabled workers who may need to apply for social security disability benefits, there is a way to insure faster action on a claim, according to Harry B. Bieber, social security district manager in Chillicothe.

Those disabled workers who file shortly after they become disabled and those who can furnish the needed information and proofs at the time they apply for benefits may save several weeks of processing time, he said.

According to Bieber, a worker may qualify for social security disability benefits if he meets certain work requirements and has a physical or mental disability which will prevent him from engaging in any substantial gainful activity for at least twelve months. Whenever a disabled worker thinks that he might meet these requirements he should make an immediate application for benefits. By applying early the

claimant may be assured of prompt action on his claim. Although it is true that social security does not pay a disabled worker for the first six full months of his disability, the worker should not wait six months, before applying for benefits.

Another way to insure fast action on a claim for disability benefits is to come prepared to give all the necessary information when filing. The claimant should be able to list all of his or her recent medical hospitalizations, as well as give a description of all work activity for the past 15 years. Also, the worker may be requested to furnish proof of his age and the amount of earnings in the most recent year. If a worker has dependents, additional information will be required. Mr. Bieber suggested that anyone who is interested in applying for benefits telephone the Chillicothe Social Security Office for instructions as to exactly what he may need to apply. The telephone number is 773-4950. The office is open from 8:45 a.m. to 4:45 p.m., Monday through Friday, holidays excepted.
